Internal Affairs Investigation Report

IA# 2018-01

INVOLVED EMPLOYEE: Dep. Steve Lombardi

ALLEGATION OR COMPLAINT:

300.3 Use of Force

Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the Deputy at the time of the event to accomplish a legitimate law enforcement purpose.

INVESTIGATOR: [REDACTED]

DATE RECEIVED: March 09, 2018

SUMMARY OF INCIDENT:

On 03-09-18, several employees of the Pathway Home, which is located on the Yountville Veteran's Home property, reported an active shooter inside the building. The Pathway Home is a locked facility with the purpose of providing therapeutic counseling and educational training to Veterans suffering with mental health related problems. The witnesses told Napa Dispatch the suspect was a former resident of the facility, was armed with a rifle, and had lots of ammunition on his person. Witnesses also told Dispatch the suspect had three hostages with him inside the building. Dispatch broadcast the aforementioned information to on-duty patrol units to respond. Dispatch updated responding units with additional information from Witnesses that the suspect was [REDACTED] and had been enlisted in the Army or the Marines. Dep. Steve Lombardi was in Yountville at the time of dispatch and the first to arrive on scene. Dep. Lombardi armed himself with his assigned AR-15 rifle based on the information provided him by Dispatch and entered the building. Dep. Lombardi was directed by a witness to where the suspect was generally located on the second floor of the building. Dep. Lombardi began a building search for the suspect and located him in a break room on the second floor. When Dep. Lombardi pushed open the door, he observed the suspect holding the rifle in an upward position, and noticed it had a flashlight

attached to the suspect rifle, similar to the one on his rifle. Dep. Lombardi retreated as he heard the distinct sound of an AR-15 style rifle action being "racked", which he identified as the suspect was preparing to go active with shooting. At the same time, Dep. Lombardi heard a female voice scream from inside the room. Dep. Lombardi fired at the suspect with his rifle, to the position Dep. Lombardi last saw the suspect standing. The suspect also fired numerous bullets from inside the room in the direction of Dep. Lombardi. Dep. Lombardi retreated to a position of cover and waited for additional units to arrive. The incident was partially captured on Veteran's Home security footage, and Dep. Lombardi's assigned BWC camera. The building was later searched by SWAT teams who located three deceased females in the room along with the suspect who was also deceased. An autopsy later revealed none of the victims or suspect were struck by any of Dep. Lombardi's bullets he fired from his rifle.

Awareness

On 03-09-18, I was off-duty and spoke with [REDACTED] by telephone who informed me of the active shooter situation at the Veteran's Home. I responded to the Veteran's Home to provide initial Incident Command assistance. Upon my arrival, I was informed the CHP is to be the lead investigating agency for the criminal incident as it occurred on State property. I was told Dep. Lombardi was the sole Peace Officer involved in the actual shooting incident and that Dep. Lombardi had fired his rifle during the incident. Later that afternoon, I was assigned to conduct the I/A for this incident.

The CHP delivered the completed criminal investigation files to the Napa Sheriff's Office in early September 2018. The files were given to me at that point for review and completion of this investigation.

OPINIONS AND CONCLUSIONS:

Through the course of this investigation, I have consulted with the CHP regarding the findings of their investigation and reviewed their completed case files. I have reviewed media footage related to the shooting and conducted investigatory research into the circumstances of the incident. Based on these facts, I believe the following information summarizes the events surrounding the shooting incident.

The suspect in this case, [REDACTED] was 36 years old at the time of the incident and a Veteran of the U.S. Army. During his military career, [REDACTED] had two combat deployments to Afghanistan assigned to an Infantry Unit. [REDACTED] Discharged from the U.S. military with [REDACTED] and was receiving assistance for his [REDACTED] at the Pathway Home located at the Yountville Veteran's Home. For a period of time, [REDACTED] resided at the home as a live in resident while [REDACTED]

Approximately two weeks prior to 03/09/18, [REDACTED] moved out of the Pathway Home, at the direction of the staff as he was not [REDACTED] and they felt his [REDACTED] moved into an apartment in Sacramento by himself.

During the course of [REDACTED] he had frequent interaction with staff members. [REDACTED]

[REDACTED] and compliance with facility rules. [REDACTED] adjusting to modifications in [REDACTED] and environment and frequently unsuccessfully tried to influence staff to do things the way he wanted it to be. [REDACTED] had several instances of [REDACTED] along with actions that caused staff to be concerned for his [REDACTED] he posed to staff.

[REDACTED] that incident and later returned to the Pathway Home to continue [REDACTED] had also been contacted by staff on several occasions for consuming alcohol, which is against the rules while residing at the Pathway Home. During the course of his treatment, staff documented that [REDACTED] was having [REDACTED] ideations.

While [REDACTED] resided at the Pathway Home, he became close friends with another resident and patient of the facility, [REDACTED]. When interviewed by investigators, [REDACTED] said he had prior conversations with [REDACTED] where [REDACTED] joked about wanting to kill staff members. [REDACTED] told [REDACTED] he would not harm Veterans however. [REDACTED] did not feel [REDACTED] was serious at the time to carry out his threats.

Ultimately, and after being asked to leave the Pathway Home, [REDACTED] blamed his lack of personal [REDACTED] and removal from the program, on Shushereba, Golick and Loeber.

On 03/08/18, [REDACTED] returned to the Pathway Home to visit with his friend [REDACTED] and [REDACTED] had a friendly visit and [REDACTED] did not discuss wanting to harm anyone at the facility. [REDACTED] left after the visit to return home. Upon leaving the facility, it is believed [REDACTED] propped open a basement door to the facility as the rest of the facility is a locked door card access to gain entry.

On 03/09/18, [REDACTED] returned to the Pathway Home armed with weapons with the intent to cause harm to Shushereba, Golick and Loeber. [REDACTED] entered the facility bearing an AR-15 style rifle chambered in caliber .308 and a side by side 12 gauge shotgun. He had additional ammunition for the weapons on his person and also was wearing shooting glasses and shooting ear protection. He entered through the basement to the first floor where he kicked open the door and went up to the second floor of the Pathway Home.

The facility has surveillance cameras throughout the building set for video only and no sound capture. The cameras captured [REDACTED] movements until he entered a break room where the shooting occurred. [REDACTED] walked directly to the break room as it had previously been advertised to anyone in the facility that a going away party with staff would be held in the room that day. Shushereba, Golick and Loeber were inside the room along with others, when [REDACTED] entered the room.

[REDACTED] stated to the room something similar to "Veterans get the fuck out". The Veterans in the room left immediately and then [REDACTED] allowed the remaining room occupants to leave except for Shushereba, Golick and Loeber. After releasing the others, [REDACTED] is seen closing the door to the room and no cameras existed in the break room to capture what was said or occurred inside.

After witnesses exited the facility, several of them began to call 911 and told Dispatch there was an "Active Shooter" at the Pathway Home. Dispatch then made radio broadcasts to available units with the information they had obtained from the reporting parties.

At the time of radio dispatch (approximately 1021 hours) Dep. Steve Lombardi was working patrol assigned to the Town of Yountville, and was the closest Deputy. Dispatch made the following sequential radio broadcasts over the radio as Dep. Lombardi responded to the in progress call. He heard and processed the information to determine his response and actions for the incident.

"Possible shooting occurring at the Vet's Home, 100 California Drive"

"...it's a possible active shooter subject with a rifle, holding three people hostage at the Pathway Home"

"Possible shooting with three people hostage"

"Responsible is [REDACTED] 36 years old, former resident, with semi-auto just let three hostages go."

"He was a previous Marine or was in the Army. He has bullets around his waist and other stuff on his jacket unknown what. Was discharged two weeks ago"

"Subject's on the second story, no shots being fired yet"

"Be advised still has three people inside"

"He does have a sash of bullets around his neck"

After arriving on scene, Dep. Lombardi met with a witness out front who let him in the building and directed him to where [REDACTED] was last seen on the second floor. Dep. Lombardi advanced to the second floor with his patrol rifle and searched the immediate areas he encountered. Dep. Lombardi was deliberate in his decision

making, as evidenced by his radio traffic and depictions captured on the facility surveillance cameras. He advanced down the hall toward the break room, however he did not know where [REDACTED] or the victims were at the time.

Dep. Lombardi cleared a room directly adjacent to the break room first. He then pushed open the break room door where he saw [REDACTED] standing on the other side of the open door way. [REDACTED] was holding his rifle in a "ready" position and Dep. Lombardi remembers seeing a light attached to the end of the rifle, similar to the one on his rifle. The door shut under its own weight and Dep. Lombardi simultaneously heard the distinct sound of an AR-15 rifle being "racked" (loaded), from where he saw [REDACTED]. At the same time, Dep. Lombardi heard the distinct sound of a woman's scream come from within the room. Dep. Lombardi believed [REDACTED] was preparing to go "Active". Dep. Lombardi immediately retreated to a position of cover.

Dep. Lombardi felt the women inside and he were in immediate and grave harm of being killed. Dep. Lombardi exited from cover and engaged the last position he saw the suspect standing, by firing several rounds from his patrol rifle. His decision to fire was based on his desire to preserve human life, by preventing the suspect from killing the hostages or himself (Lombardi). [REDACTED] returned fire at Dep. Lombardi by firing his rifle through the doorway in Dep. Lombardi's direction. Dep. Lombardi retreated to cover and prepared to reengage the suspect.

After the initial volley of fire between Dep. Lombardi and [REDACTED] several other shots were heard fired from within the room with a pause and then a distinct single shot. It is believed during the second volley of fire that [REDACTED] murdered Shushereba, Golick and Loeber by shooting them with his rifle multiple times. [REDACTED] then killed himself by firing a single shotgun round into his head.

Later in the day, entry was made into the breakroom where it was discovered the three female victims had been murdered and [REDACTED] committed suicide. The scene was processed for evidence by CHP and autopsies were later conducted. It was determined that none of the bullets fired by Dep. Lombardi struck either the victims or suspect.

FINDING:

- 1. Section 300.3: Use of Force- Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the Deputy at the time of the event to accomplish a legitimate law enforcement purpose.**

Based on the totality of this investigation and evidence recovered, it is my opinion that Deputy Steve Lombardi acted properly and within policy guidelines. Dep. Lombardi responded to a terrifying incident without regard for his own personal safety, acting with extreme courage and intent on protecting life. Before entering the building Dep. Lombardi knew his own life was in danger, and still upheld his duty to prevent great bodily injury or death to others. My finding is that he did not use excessive force and is **EXONERATED**.

DISAGREE

Internal Affairs Investigation Report

On 03/09/18, at approximately 1600 hours, I was assigned as the lead investigator for the administrative investigation for this case by [REDACTED]. I was told Dep. Steve Lombardi was currently at the Sheriff's Office and had been there since shortly after the shooting incident. I was informed Dep. Lombardi was very drained and wanted to leave the office, but would wait until I arrived.

At 1648 hours, I met with Dep. Lombardi in the investigations area where I found he was accompanied by [REDACTED] and [REDACTED] for peer support. Dep. Lombardi's attorney, [REDACTED], was on speaker phone in the room. Dep. Lombardi requested [REDACTED] and [REDACTED] remain in the room with him.

I explained to Dep. Lombardi the process involved with the administrative investigation. I ordered him not to speak with anyone other than his attorney until advised otherwise by Administration. I read an admonition to Dep. Lombardi while his attorney listened via speaker phone and commented.

I asked him if he wanted to provide a voluntary blood sample and he declined to do so.

I explained to him we would be in touch when a date was determined for an interview regarding the incident. Dep. Lombardi then left the office. I did not interview him or speak with him any further about the incident.

[REDACTED] Let me know when you guys are ready.

[REDACTED] Ready when you guys are.

[REDACTED] All right. Deputy Lombardi, uh, thank you for coming in today. Um, the time right now is 10:44. It's, uh, Thursday, March 15th and we're at the Napa County Sheriff's Department. Um, this investigation is regarding a significant incident that happened March 9th, 2018, at approximately, uh, 1030 hours at the Veterans Home of California. The address there is 100 California Drive. Uh, it took place at Madison Hall, which is Section G in, uh, City limits of Yountville, California. Uh, CHP case number is F as in Frank, 15-325-18. Um, to be clear, this is a, a criminal investigation into the attempted murder, um, of a peace officer and murders of three employees and one, uh, unborn child. Uh, Deputy Lombardi, in this instance, uh, is both a victim and a witness in this investigation.

[REDACTED] Why don't we...

[REDACTED] Take a break. Appreciate it. All right. We'll go ahead and take a break.

[REDACTED] Excuse me.

[REDACTED] We're back on.

[REDACTED] Steve I don't want to uh interrupt but, Steve any time you want a break, um, let us know. We're here for you and just let us know.

[REDACTED] Uh, yeah, so, um, I apologize. Again, if you need any breaks, uh, you let us know. I, I don't want to take as many breaks as you need as much time as you need, okay? Um, I just wanna be clear that, uh, this is a voluntary statement, um, in our investigation. Uh, Deputy Lombardi, uh, is free to leave at any time, free to take as many breaks as you need. For whatever reason you need, okay. Um, we're investigating this incident, um, uh, and Detective Lombardi is, uh, seen as a victim as well as a witness in this case. Okay. Um, we'll just go around if everybody can introduce themselves. Um, I'm [REDACTED] with the California Highway Patrol. Uh, my last name is spelled, uh, [REDACTED] and my I.D. is [REDACTED]

[REDACTED] My name is [REDACTED] um, [REDACTED] I'm a detective with the Napa County Sheriff's Office, uh, I.D. No. [REDACTED] and for the record, Steve, I know you from work, um, but we don't socialize outside of work. I just wanna put that on the record.

Deputy Steven Lombardi: Um, I'm Steve Lombardi, Senior Deputy, Napa County Sheriff's Department, currently assigned to Yountville.

[REDACTED] [REDACTED] Goyette and Associates, representative for Steve Lombardi.

[REDACTED] Um, Steven, have you had the opportunity to speak, uh, with anybody, um, about this incident in any type of detail that's not either your legal counsel or, um, somebody in your, um, administration from your department?

Deputy Steven Lombardi: Just I've been talking with my attorney.

[REDACTED] Okay. Have you, um, have you seen any of the media, uh, whether it be prints or, um, video or photographs of the incident?

Deputy Steven Lombardi: I've seen photographs of the three women that didn't make it.

[REDACTED] Okay.

Deputy Steven Lombardi: And the shooter.

[REDACTED] Okay. You seen their, uh, their, um, stock photographs that have been shown in the media. Okay. Um, because this is a, this is a significant incident, uh, that occurred that day, it's emotional, um, we wanna give you the opportunity to give us, uh, your state of mind and a, a statement, uh, beginning from when you first became aware of the incident, um, up until, uh, the time that you were relieved, and if you could give as much detail as possible to include, um, what you saw, what you heard over the, the broadcast over your radio, um, and any interactions that you had with anybody while en route, after you arrived, um, up until that time when you were relieved. Uh, are you prepared to do that today?

Deputy Steven Lombardi: To the best of my ability, yes.

[REDACTED] Okay. Thank you.

[REDACTED] And just so we're all clear for the record, uh, we, we discussed, um, that, um, the whole point of this is for the, for Steve to give his state of mind, uh, out there for you guys, uh, prior to viewing any new video, um, but should be his state of mind with reference to, uh, the discharge of his, of his firearm at that, at that time. So that's what he's, he's prepared to do at, at this time and then we can take a break and, and discuss how we're gonna go from there.

[REDACTED] Of course, and take your time, Steve. If you need to, again, take a break, that's fine.

Deputy Steven Lombardi: So you wanna, uh, know what I shot, what, what I, what was in my mind before I fired my weapon?

[REDACTED] Yeah, we, we'd like to get as much detail of what you remember from the time that you, uh, were aware of this call to the time that you were relieved, um, so even, uh, any interaction that you had, uh, over the, the radio with dispatch or anything you heard from dispatch and how that affected your state of mind and how that, um, affected the way that you were responding to this call.

Deputy Steven Lombardi: So I was in my patrol car southbound on Washington Street. Um, the call came out as an active shooter and at first I was, thought it was gonna be one of those, uh, not, not really an active shooter false alarms, and then as the dispatcher kept saying on the radio, I realized, that this is a real thing, this is, this is an active shooter, and I can just remember hearing my heartbeat thumping in my ears, and as I'm going up to the vets' home, I have my, I remember thinkin' about this, they give us these, um, um –

[REDACTED] Plate carriers.

Deputy Steven Lombardi: Yeah, plate carriers and I, mine's in my locker and I always bitched about it 'cause they're heavy and I, I was like I can go back for it, no, I, I have to go, I have to, I can't go back for it. I, I will never complain about the thing again. So I was my, on my way to the vets' home, I'm tryin' to, tryin' to reach over and grab my, my, um, magazine pouch. I keep my, 'cause it carries my extra, um, rifle and pistol mags and I had to stop my car 'cause I couldn't clip it on to my, my baton ring holders how I have it set up and then it straps on, and I, I, I couldn't clip it on, and, and, so I got that clipped on. I got it locked in and I, and I had trouble buckling, and as I'm going up to the vets' home, I couldn't remember where G was and, um, I looked, I was looking for my map in my car 'cause I, I don't wanna end up in the middle of this, in the wrong spot, and, um, I remember tryin' to get my ear piece in my, in my, um, in my mic, microphone, thing, I, so I could hear it in my ear and it was really hard to get in that hole, and at some point I took my rifle out and, um, I remember turning on to where F is, behind F on the west side, and a lady in a black SUV, um, I stopped 'cause I think I, I, I think I asked her for directions to, to G. Um, she said something, I don't remember what she said. Um, so I, I continued on and then I saw a, a woman on the north side of G and she was, um, waving her arms, and, um, so I pulled in and I got out and I contacted her and she said, um, no shots fired. She, she didn't hear any shots fired or shots fired something, not, no shots fired, and then I can remember being really scared and I'm by myself and I don't think my odds are very good of surviving this and I took cover because she came into the building with me and I couldn't let her go forward. I told her to go back.

[REDACTED] Steve take your time for sure.

[REDACTED] Let's take another break.

[REDACTED] All right. We're, uh, back after a short break. It's, uh, 11:05. Uh, Deputy Lombardi, I just wanted to ask you if you have a preference in how I refer to you? I don't wanna overstep in this.

Deputy Steven Lombardi: I don't care.

[REDACTED] Okay. Uh, uh, feel free to, to pick up...

Deputy Steven Lombardi: I'm just going to get to it.

[REDACTED] Okay.

Deputy Steven Lombardi: After I located him, I heard him rack the rifle, I heard him rack, it sounded like our M4's and I heard her scream and I fired my gun because I wanted to stop the threat. I wanted to save her, I didn't want, I, I didn't want her to die. That's why I fired my gun. That's why I shot.

[REDACTED] Okay.

[REDACTED] Okay, do..I, I don't want to interrupt. Is there anything more you wanna add?

[REDACTED] So we, we, uh, we had, we had talked about you know obviously when he said about when he shot his weapon. I think he's explained that. It was my understanding that, now you guys want to give him an opportunity to watch the videos.

[REDACTED] Yes.

[REDACTED] Okay. And let, let's go ahead and do that then.

[REDACTED] Okay. So, uh, like your, your attorney mentioned, uh, we want to give you the opportunity to watch the videos, uh, the body worn cameras that you can see if after watching that video, uh, it helps you remember anything or there's anything more you wanted you add. Okay?

Deputy Steven Lombardi: I have a question for you.

[REDACTED] Okay, great, let's, lets..

[REDACTED] Okay so we'll go ahead and take a break you guys can go ahead.
Okay.

[REDACTED] Sure.

[REDACTED] All right. We're back. Uh, it's 11:18. Um, Deputy Lombardi did you have the opportunity to watch, uh, some video footage?

Deputy Steven Lombardi: No. I want you, I want you to know what my memory is of the incident before I see that.

[REDACTED] Okay.

Deputy Steven Lombardi: I want you to know what I, I want you, I want you to hear from me before I start seeing the video. Cause if I see something I don't remember I want my statement to be pure.

[REDACTED] Okay. Okay.

Deputy Steven Lombardi: So, I have the woman stay downstairs. I go up. I come up to the top of the, um, where the stairs come in and there's elevators there. I remember looking left. I remember searching what I thought is a bathroom. Which is kind of a strange memory into bathroom but in the stalls. I remember going down towards the nursing station. I remember turning right and the shooter door is in front of me. I remember seeing an open door on the right. Or a door on the right. I remember going in that room and searching the next room. When I get to, to where the suspect was at, I remember feeling squished, is the best I can describe it. I cracked open the door. I saw the light on the rifle. It's mounted. It's the same lights we use on our rifle. Uh, he's kinda standing, the rifle is kinda pointing this way, um, so I, I back up. I turn around and I go around the corner. I think I went around corner. I want to say I remember, I'm not sure if I got the around the corner or not but I remember hearing the rifle rack and I remember hearing that high pitched scream and I don't remember if I was around the corner or not but, uh, I remember popping out and I remember shooting, right where I last saw him to stop him from tryin' - 'cause I know he's gonna go active after I hear him cycle his weapon and I hear that sound, and I heard her scream, and that's why, that's when I shot. Uh, then, um, rounds started coming out of the door. I backed up. I fired again. I don't remember, I don't remember if it was to try, trying to re-engage him or in retreat. I remember being in the hallway and the whole hallway turned to this fog. Of like a white fog. I remember, um, doing a tactical reload thinking he's gonna come out. I got, I gotta make sure I have a full magazine. So I did a tactical reload. Uh, I remember, uh, saying shots fired. I remember, um, saying 1199. I remember pushing my 1199 Button and the damn thing wouldn't beep. I couldn't hear it beep all. I remember, um, tryin' to put out traffic. I, I'm not sure when I did this, but I couldn't get out on the radio. I even switched my radio to repeater and it wouldn't work. Um, I remember trying to direct people in, um, where it was safe for them to enter. Um, and then the first face I saw was [REDACTED] Um, after that, um we started, we started to, um, formulate a plan to secure him and they asked me if he had, if, where he was at and I tried to tell 'em. I tried to draw on my, on a card I pulled outta my pocket and, um, it, what, they weren't getting it. A guy asked me if I had a sharpie and I, I didn't have - I looked and I didn't have a sharpie, so I drew it on the wall, um, of where we were at and where he was at. Uh, I remember taking a position and hugging up next to a guy on the wall 'cause of someone needed relief, and I, I, I remember feeling his leg on my shoulder and I didn't wanna shoot him so that's why like, I, I hugged up next to him so if he came around the corner I could engage him. Um, [REDACTED] got there. Uh, he started to formulate a plan and, and we moved up and I didn't wanna move up but I did. One thing I can remember and I told you this, one thing I remember, uh, the shooting part was as clear as I'm speaking to you is hearing myself say, I don't wanna die. I don't wanna die. Um, I, I remember that very clearly. We moved up. Um, I remember [REDACTED] going across the doorway. [REDACTED] going across by the nursing station. Um, [REDACTED] was on my right. We took up a position to cover the hallway. Um, [REDACTED] I think [REDACTED] asked me something. I don't remember what he asked me but I remember him saying those are 308 rounds. The holes are too big, and he told us to back up 'cause we were right on the corner. Um, and as that was all going on then, uh, at some point [REDACTED] relieved me and I left, they out outside with [REDACTED]

[REDACTED] Okay. Um, we did talk about, um, if after the statement, viewing videos, did you want to do that now?

Other Speaker: Um, did you guys have any questions for him before we did that? Before I have that conversation with him?

[REDACTED] Uh, I do. We have question to clarify some things. Um, did you want to do that now, or --?

[REDACTED] Uh, it's up to you. It's up to you whatever you.

[REDACTED] Um, Well, I, I can go through some questions, uh, to clarify some of the things that if, if you feel like you're up to that.

Deputy Steven Lombardi: Okay.

[REDACTED] Okay. Um, so, you, you mention that you got the call and, uh, you were on your way or you decided that you, you had to respond and, um, you declined to go get your plate carriers that you didn't have. Uh, well why, why does your department issue you plate carriers? Do you know the purpose of the plate carriers?

Deputy Steven Lombardi: The plate carrier is to protect the, the main torso from, um, high, high velocity rounds or rifle rounds.

[REDACTED] Okay.

Deputy Steven Lombardi: 'Cause our, our, our Kevlar vests aren't designed to stop that.

[REDACTED] Okay and so knowing that you didn't have those rifle rounds, how did that, or knowing that you didn't have those rifle plates, how did that affect your mindset.

Deputy Steven Lombardi: I didn't think I was going to be here today.

[REDACTED] Okay. Um, When you decided to continue on and still respond, um, can you describe any radio traffic that you got from dispatch or any information that you got from dispatch or any other radio traffic that you heard maybe from other officers that were, that were responding?

[REDACTED] I just remember active shooter. I remember hearing the unit from Fairfield answer up on the radio. Um, as I'm preparing, as I'm preparing to go there, I'm trying to get my gear on. I can just remember hearing my heartbeat in my ears. I'm thinkin' this is the real thing. This is the real active shooter. He's a, he's a vet. I thought they, I think they said he was a marine and I didn't give my self much chance. He's got combat experience. I have none and the feeling of loneliness is going through that and I've been scared, but I've never felt fear like that. Ever.

[REDACTED] If I may, Steve, when you got that call, do you recall what the address was or any information as to, to where you're responding?

Deputy Steven Lombardi: Um, they said Section G.

[REDACTED] Okay.

[REDACTED] And I, I remember I couldn't remember where Section G. I had a general idea of where Section G is, but I couldn't remember, and we usually have a map of the vet's home in the passenger visor and I looked there as I'm going up, but I couldn't find it and I'm thinkin' I don't want to end up in front of where this guy's at.

[REDACTED] Sure.

Deputy Steven Lombardi: Um, I remember they said I think he had an assault rifle or M4. Um, for some reason M4 sticks out in my head. I remember then hearing – I remember hearing he had a lot of ammo. Um, I remember that. And it was at the Path, it was at the Pathway Home. They said, it was at the Pathway Home.

[REDACTED] Okay. What do you know about Pathway?

Deputy Steven Lombardi: Um, that Pathway Home is where, uh, veterans come back and they suffer from PTSD from combat, um, and they get treated there. Um, because they're having, they're have problems, um, integrating back into society and dealing with um, going to war.

[REDACTED] Okay. Thank you.

[REDACTED] Knowing that information, that you're responding to a space that specifically treats combat veterans that have PTSD, did that change or, um, did that make you feel any different than a reg, responding to a regular call?

Deputy Steven Lombardi: Yeah.

[REDACTED] On that property?

Deputy Steven Lombardi: Yeah.

[REDACTED] Okay. Can you tell me how um, how that's different than responding to somewhere else on the, um, on the home for the Veterans?

Deputy Steven Lombardi: I, I remember Dispatch saying he was a Marine, so I'm just gonna say he was a Marine. Combat Marine, combat veteran, combat experience. He knows the, the place better than I do. Um, I've been there once. That was over a year ago. Um, he's got the advantage. I don't know where he is.

[REDACTED] Thank you.

Deputy Steven Lombardi: I mean is that the answer to your question?

[REDACTED] Yeah, sure.

Deputy Steven Lombardi: I mean, he, he, he's got the advantage.

[REDACTED] Uh, did you remember any other, uh, information that was given by dispatch while you were en route? Do you remember any descriptions of the suspect or anything else, um -

Deputy Steven Lombardi: I know they, they put it out. I don't remember what they said.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, I, I, I just don't remember. I, I was, um, I was pretty amped up, um, with trying to get my gear together and to get there. Um, not wanting to come into, um, pulling up and take rounds. I, I mean it, it's a complete disadvantage.

[REDACTED] Okay. Um, I, uh, I have a map here. Basically, it's just a diagram. Uh, it was given to me by the Veteran's Home of California and it's uh, just a map of the property and you would come in from this direction and then Section G is not a symbolic here it's highlighted in yellow. So, if you could, would you mind, um, drawing on here just your pathway and how you got in there? I have a, oh there you go.

Deputy Steven Lombardi: I don't remember where I stopped. Um, somewhere in the parking lot, I think. Um, but I came around, I came around this way, up and around.

[REDACTED] Okay.

Deputy Steven Lombardi: And, and, and through here, then here.

[REDACTED] Okay. Um, along this, this pathway that you've drawn on here, did you, uh, pass anybody that, uh, you, you either stopped your car and talked to or you were already out on foot and made contact with?

Deputy Steven Lombardi: Um, a lady, um, in a black SUV, I guess where's F, right there, somewhere here.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, right about there.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, she had, I think she had long black hair and blue eyes.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, it was a black SUV 'cause she sat up higher than what I was in my car.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, I, I, I don't remem, I don't remember what she said. I had trouble hearing her, um, but she pointed back this way.

[REDACTED] Okay. So, she pointed along the path where you were facing.

Deputy Steven Lombardi: Yeah.

[REDACTED] Okay.

Deputy Steven Lombardi: Um yeah.

[REDACTED] Do you remember if anybody else was in that car or was it just the driver?

Deputy Steven Lombardi: I just remember seeing the driver.

[REDACTED] Okay. Um, did you come across anybody else?

Deputy Steven Lombardi: Um, the one lady that, um, was at the north end here, um, waving at me.

[REDACTED] Okay. So, when you came into contact with her, that was when you were already out on foot?

Deputy Steven Lombardi: Yes. I parked and then I went up and she, we kind of met somewhere I guess around here.

[REDACTED] Right around the corner of the building? Okay.

Deputy Steven Lombardi: Yeah, right about here.

[REDACTED] Okay.

[REDACTED] I do have a couple of diagrams, if you don't mind of the, um, floor plan of the building? So, we can refer back to this anytime you want. Uh, I have a floor plan of, um, all three floors.

Deputy Steven Lombardi: Three floors? Oh.

[REDACTED] There's a basement. I don't, I just want to clarify whether you had some in, the basement or first floor or second floor and then if you could show me your, uh, pathway here. So, let's start with the basement. Did you want a copy to look at?

[REDACTED] So, you're referring to the basement as floor one or floor one as floor one.

[REDACTED] Floor one is floor one.

[REDACTED] Thanks, just to make sure.

[REDACTED] Um, so in this case, the, the basement is an actual, uh, basement. It's below level.

Brett Sherman: Okay.

[REDACTED] – and then on the first floor is the first floor and then the second floor –

[REDACTED] Yeah.

[REDACTED] So, this is simply, um, if you look at the floor plan, basically, how it's sitting here on the map.

Deputy Steven Lombardi: Okay.

[REDACTED] Okay. So, if you could just mark, uh, you said you did not go in the basement?

Deputy Steven Lombardi: No.

[REDACTED] Okay. So, we'll take that one out. Um, this is the first floor here. Could you look at this and if you can, can you remember where you, um, saw the lady that helped you into the building?

Deputy Steven Lombardi: If this is the north end?

[REDACTED] Yeah, the parking lot is down here.

Deputy Steven Lombardi: So, if this is the north end –

[REDACTED] Uh, huh.

Deputy Steven Lombardi: She was, uh, somewhere out here. Somewhere here.

[REDACTED] Would you mind just marking it on there?

Deputy Steven Lombardi: Okay.

[REDACTED] You met her here. Could you describe her for me? The best that you can remember.

Deputy Steven Lombardi: Uh, white, heavysset. I think she had blonde, blonde hair.

[REDACTED] Do you remember, uh, any, uh, any conversation that you had with her?

Deputy Steven Lombardi: Um, the only thing I remember is her saying, um, no shots fired and I broadcast that on the radio.

[REDACTED] Okay.

Deputy Steven Lombardi: Um.

[REDACTED] Okay. Um, then how did you get in the building, though?

Deputy Steven Lombardi: So, she let me in on the west, on the west side. I think right here.

[REDACTED] Okay.

Deputy Steven Lombardi: I think it was right there.

[REDACTED] This location here, uh, was the door unlocked or did she have to help you open the door?

Deputy Steven Lombardi: She opened, she opened it.

[REDACTED] Okay.

Deputy Steven Lombardi: I think she opened it.

[REDACTED] Okay. Uh, when you entered here, can you just tell me or show me basically, um, how you got up to the second floor. So, more specifically I guess I'm asking did you go in to the first floor at all or did you just immediately go up the stairs?

Deputy Steven Lombardi: Wait she told me, she said something, um, I think she said second floor to the right because when I got to the top of the steps I had trouble remembering did she say left or right and, and myself, my head, I said, I think she said right. So.

[REDACTED] Okay. So, you guys had a conversation so was this outside of the building? Or did you -

Deputy Steven Lombardi: I think that was, I think that was there.

[REDACTED] - okay. And then you entered, um, the stairs basically come in right here if I remember correctly and you can, uh, help me if I'm wrong here. Did you enter in through here and then go up this flight of stairs?

Deputy Steven Lombardi: I, I'm not sure. Um, by looking at the diagram, um, but I did go up a flight of steps.

[REDACTED] Okay.

Deputy Steven Lombardi: I did go in and go up.

[REDACTED] And go up to the second floor.

Deputy Steven Lombardi: Yes.

[REDACTED] Did you do anything in the first floor or search the first floor or did you go up to the second floor?

Deputy Steven Lombardi: No, I went to the second floor.

[REDACTED] Okay.

Deputy Steven Lombardi: I think she told me he was on the second floor to the right.

[REDACTED] Okay. So you think she said, he's on the second floor?

Deputy Steven Lombardi: Yeah. That's, yeah, that's where.

[REDACTED] Okay. And then can you show me here, um, your path from when you came up the stairs, uh, you would have come out right here and then show me your path, um, to wherever the incident occurred.

Brett Sherman: I mean the stairs right here.

[REDACTED] Yes, yes. And, and specifically I'm not trying to trip you up at all, uh, if you could just walk me through with your words first, tell me, you know, what you did in the building and then, and then we can mark out the path of, uh, the path that you took in that building. So do you remember coming to the top of the stairs?

Deputy Steven Lombardi: I remember that. I remember, okay, this is, this looks kind of different to me but, um, I remember coming to the top of the stairs and looking left and right and that's where I was, did she say left or did she say right. I think she said right.

[REDACTED] Okay.

Deputy Steven Lombardi: But.

[REDACTED] Keep in mind that some of these doors can be, could have been closed at the time; so there may be a room there on this diagram but that doesn't necessarily mean that —

Brett Sherman: Just for, uh, reference, this is the nurse's station right here.

[REDACTED] Correct.

Deputy Steven Lombardi: Okay. Um, so then I, I started this way.

[REDACTED] Okay.

Deputy Steven Lombardi: And I remember searching the bathroom. It's kind of a weird memory.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, I just remember stall doors, um, I, I went through that and then I came back out and I just continued. Um, south.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, I knew that was like a utility closet, um, two large metal doors. Um, I came through here. I came into here. I cleared this and then that's where, um, I saw, I, I opened the door and I saw the, the rifle and and the light on the rifle.

[REDACTED] Okay. When you, uh, cleared this room was this room initially was the door open or closed, do you remember?

Deputy Steven Lombardi: I don't remember.

[REDACTED] Okay.

Deputy Steven Lombardi: I don't, I don't remember.

[REDACTED] Okay. When you, uh, when you looked in to this, this room where you saw the rifle light, do you remember if that door was open or, did you open the door? Or did he open the door?

Deputy Steven Lombardi: Um, I remember cracking open the door.

[REDACTED] Okay.

Deputy Steven Lombardi: Opening the door, just a little bit.

[REDACTED] Okay. When you saw the, when you saw the rifle light, what did, what thoughts went through your head at that point?

Deputy Steven Lombardi: Shit. Um, that's where he's at. He's standing there. No shots fired that I've heard. As far as I know he's by himself. Um, he doesn't know I'm there. So, contain him. Um, that's when I started to go back. That's when I hear him rack the rifle and that's when I hear her scream.

[REDACTED] Okay.

Deputy Steven Lombardi: And then that's when I engaged, I shot through the door, where I last saw him.

[REDACTED] Okay.

Deputy Steven Lombardi: And that's when I remembered thinking I don't want to die.

[REDACTED] Okay.

Deputy Steven Lombardi: But, I shot because I know he was going to go active. And I know he's gonna kill her.

[REDACTED] Okay.

[REDACTED] I'm sorry, can you just explain what you mean by active?

Deputy Steven Lombardi: Well, everything's quiet. I don't see bullets, casings. I don't see the holes in the wall. Um, he's going to start shooting. Why else would you charge your weapon; and when he did that, and I heard her scream, he's gonna, he's gonna shoot her. Now it's gone from, um, not shooting to shooting but I have to stop him. I, I have to stop the threat and I have to stop him from shooting her. That's why I shot.

[REDACTED] Okay. Uh, What would be the difference between, um, if he hadn't racked that round and you hadn't heard that scream. How would you have reacted do you think at that time?

Deputy Steven Lombardi: I would've held the hallway and radioed that I, I've located him. There's no shots fired.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, and just held and we would've been dealing with a barricaded subject. Um, but, like I said, when I heard her scream and I, I heard the rifle rack first and I heard her scream, I knew that he was, he's gonna go active and he was gonna start shooting.

[REDACTED] Okay.

Deputy Steven Lombardi: Why else would you do that?

[REDACTED] Okay, and then, uh, we're, we're almost done with, with this part. Uh, so, once you started firing do you, do you know where you were? Can you remember where you were when you first started firing?

Deputy Steven Lombardi: I want to say I popped out, um, and was like here.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, 'cause I saw him like right there.

[REDACTED] Okay.

Deputy Steven Lombardi: I mean I, -

[REDACTED] You can go ahead and mark it.

Deputy Steven Lombardi: - uh, I saw it approximately right here, I mean he was, just out of my arm's reach when I cracked the door.

[REDACTED] So, he was just inside that door when you saw him. Okay. And then, uh, I'm sorry, can you just mark, uh, maybe just with like a one where you were?

Deputy Steven Lombardi: So I was squished between, uh..

[REDACTED] You talking about when he first..?

[REDACTED] Yeah, when you first saw him, when you first saw him can you just indicate where you were?

Deputy Steven Lombardi: Right here.

[REDACTED] Right in there, okay. So you're indicating on here you're basically in the doorway of that smaller room?

Deputy Steven Lombardi: Yes, right.

[REDACTED] Okay. Um, once you saw him and you saw that rifle light, then what did you do from there?

Deputy Steven Lombardi: Um, I turned around and start going back and then he racked the rifle and she screamed.

[REDACTED] Okay.

Deputy Steven Lombardi: I still hear that scream in my head.

[REDACTED] I wish I could take that away for you.

Deputy Steven Lombardi: I wish you could too.

[REDACTED] Take a minute.

Deputy Steven Lombardi: Okay.

[REDACTED] You're, you're doing a great job of articulating everything. So feel free to take as much time as you need. Okay and if we need to take a break, just let me know.

Deputy Steven Lombardi: I just, I just want this done.

[REDACTED] Okay. Um, from there when you backed around the corner, uh, and then you engaged him, can you, were you around the corner?

Deputy Steven Lombardi: I don't remember if I turned around or I was around the corner or not. I, remember, it's strange. I remember kind of popping out from behind the corner I want to say. That's, my memory. Um, I, I think I may have been around the corner but I just remember for some reason popping out and then shooting in to the, through the door.

[REDACTED] Okay. Do you remember how many shots you fired?

Deputy Steven Lombardi: I don't.

[REDACTED] Okay. Do you remember how many shots you heard coming from inside the room?

Deputy Steven Lombardi: I don't. I just, the rounds were coming through the door.

[REDACTED] Okay. After that exchange of gunfire there, what did you do next?

Deputy Steven Lombardi: So I came around here, um, I don't know if I tried to reengage or if I, um, fired in retreat, trying to defend myself from him advancing.

[REDACTED] Okay.

Deputy Steven Lombardi: Um.

[REDACTED] Okay. Earlier you mentioned, uh, that you did a tactical reload thinking that if he came around the corner you would need to have a full magazine. Can you show me, uh, where that took place?

Deputy Steven Lombardi: I don't remember, and, I don't know if it was in the hall or back here.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, but I remember thinking, you don't know how many you fired. You need a fresh magazine. If the threat comes back you have to defend yourself so I did a tactical reload.

[REDACTED] Okay.

Deputy Steven Lombardi: That's what they teach us.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, if there's a lull in the fight, do a tactical reload. And I put the magazine that I, I first engaged him with my, um, my pocket. Um, and then I remember taking my other P Mag and putting it in the gun. Um.

[REDACTED] Okay. Do you remember if you fired any rounds out of that second magazine?

Deputy Steven Lombardi: No, no rounds, no rounds.

[REDACTED] So everything was out of the first magazine?

Deputy Steven Lombardi: Everything was out of the first magazine.

[REDACTED] Okay. Um, and then after that point do you remember what happened after that, after you did the tactical reload?

Deputy Steven Lombardi: Um, I went back to the elevators, I think. And that's where I started trying to put out information and I was getting frustrated and pissed, because, um, the radio wouldn't work. They couldn't hear me and I tried to get on the radio, um, I tried switching, um, to our repeated channel, uh, 'cause like you guys, you have the repeaters in your car, we put them in and I, I don't know if they heard me. I think I took my radio out at one point 'cause they couldn't hear me. I tried to put out information, um, and trying to direct them so they wouldn't end up over coming through here. I tried to direct them around to this side.

[REDACTED] Okay.

Deputy Steven Lombardi: And I remember seeing two guys coming up this way, um, I looked out the window and I saw two guys coming out from the west side.

[REDACTED] Okay.

Deputy Steven Lombardi: And then, um, they started yelling "blue, blue, blue" and I remember the first face I saw was Thompson's face.

[REDACTED] Okay.

Deputy Steven Lombardi: And he asked me if I was okay. Um.

[REDACTED] Was, uh, you mentioned [REDACTED] Was he upstairs with you or you saw him through the window?

Deputy Steven Lombardi: No, no, he was upstairs.

[REDACTED] He was upstairs. Okay. Is he the first person to come up? As the backup officer?

Deputy Steven Lombardi: He's the first person I saw. The first person I recognized and I saw.

[REDACTED] Okay. Okay, after, um, okay after, um, I'm sorry, I wanted to get in to your, the, the radio, the radio traffic. Um, do you normally wear an ear piece, or?

Deputy Steven Lombardi: Yes.

[REDACTED] You wear an ear piece? Okay. Could you hear any traffic while you were in the building?

Deputy Steven Lombardi: I remember hearing one unit and I can remember, um, thinking, get off the fucking radio. Um, I remember saying "1199", as the, the hallway, as the hallway filled with uh, it was like a white fog. Um, I remember, I remember thinking, oh shit. Um, what's he got in there? Because everything just started to, it was like someone just, it, all this dust. Um, I remember saying 1199, shots fired 1199 and I remember pushing the button. And when I pushed the button I didn't hear the tone in my, in my ear piece and I pushed the button again, um, and then I, I think I did that first. And then, um, I, I think, that's, then, then later everyone showed up.

[REDACTED] Okay. While you were in that hallway, can you estimate how long you thought you were in that hallway before somebody arrived as a backup officer?

Deputy Steven Lombardi: 10 minutes?

[REDACTED] Okay.

Deputy Steven Lombardi: 15 minutes?

[REDACTED] Okay. How, how did you feel about standing there waiting for all those, for all those minutes?

Deputy Steven Lombardi: Fuckin' scared.

[REDACTED] Okay. I don't blame you. Okay. Um, I, I don't have any, anymore questions specific to this. Uh, I want to give you an opportunity to, to view the video and then we'll see if that, uh, jogs your memory or if there's anything else you want to add to it.

Deputy Steven Lombardi: All right.

[REDACTED] I, I, I have some basic questions about you know, uniform and all those things that we can get to later.

[REDACTED] I've got some more questions if you don't mind.

[REDACTED] Yeah.

[REDACTED] Um. Related to the dispatch, um, thank you Steve for giving us this opportunity, um, You mentioned you were going to an active shooter call.

Deputy Steven Lombardi: Mm hmm.

[REDACTED] Uh, first you thought it was, that it was maybe one of those fake calls and then you said it's the real deal. What, why, why did you think it was the real deal if you recall?

Deputy Steven Lombardi: I just remember then, I just remember it was a dispatch as I'm trying to get my gear on. Um, ex-military, I thought she said Marine, um, I remember hearing, um, that he had a lot of ammo and all of sudden my, all I could I hear was my heart beat in my head and in my ears and that made me think that okay, Pathway Home, they wouldn't put it out as an active shooter if it wasn't that, um, if dispatch, I mean that's what I remember dispatch, uh, and, um, did, I just remember them saying that, uh, I think they say it was a prior, prior, prior person there? Uh, prior client, um, but his, his the fact that he was, uh, prior military, um, he had guns. And I think she said he had an M4 on the radio, um, I knew that it was, that this was real deal, um, uh, they're broadcasting this, this is a real deal.

[REDACTED] Um, thank you. Was there any other information that people were, that anybody else was involved? Do you recall?

Deputy Steven Lombardi: I thought someone said hostages but I'm not sure.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, my thought was it was an active shooter.

Other Speaker: Okay.

Deputy Steven Lombardi: And, um.

[REDACTED] Thank you. Um, another question, Steve, um, you mentioned when you parked, something that you didn't wanna park, would give 'em an advantage. Can you kind of explain what you meant by that?

Deputy Steven Lombardi: Uh, I didn't know where he was at, um, and because he had a rifle, at a hundred, two hundred yard shot, is easy with a rifle. You can make those. I didn't, I was going slow because if I pulled up you can't miss my car, um, and I didn't, I, I was afraid that my co, I was afraid when I got to the building that if I got there and I wasn't careful, he was gonna shoot my car up. There's nothing to protect me, uh, in my car. And, um.

[REDACTED] Thank you. Um, also you mentioned you hit your 1199 Button.

Deputy Steven Lombardi: Mm hmm.

[REDACTED] Can you kind of explain what that is and why would somebody do that, or why we do that please.

Deputy Steven Lombardi: Um, the 1199 Button is there for, it's usually pushed when you don't think you're gonna make it, and you're gonna lose the fight. All that dust in that room. I pushed it. I wanted more people there. I was by myself.

[REDACTED] Um, Thank you Steve. I've got more questions, I'm sorry, um, you, you mentioned that you talked to somebody at the door who let you in. Do you recall what that individual said?

Deputy Steven Lombardi: I remember second floor to the right, um, I remember second floor to the right.

[REDACTED] And in, in your mind what is an active shooter?

Deputy Steven Lombardi: An act, an active shooter is someone who goes, goes to a location and their intent is to kill people, and kill as many people as they can. Um, they're heavily armed, um, they bring rifles, they can bring, um, booby traps but their intent is to kill people, um, an active shooter is someone that wants to kill people and they usually don't care whether they make it or not. But their whole intent, their whole intent is to kill.

[REDACTED] Thank you. Um, there's a law enforcement, some sort of law enforcement on the grounds. Do you know if they're armed or not?

Deputy Steven Lombardi: No.

[REDACTED] Okay. So you said you were by yourself.

Deputy Steven Lombardi: Yes

[REDACTED] Okay. Do you have any idea where your cover was coming from?

Deputy Steven Lombardi: I don't.

[REDACTED] Okay. Could you hear radio traffic at all when you were on the second floor?

Deputy Steven Lombardi: I could hear some. Um, I remember hearing radio when I was tryin' to get out. I remember hearing someone talkin' on the radio, one of the dispatchers. Um, I don't remember what they said, um, I was just trying to put out, um, the safest routes in and information. I think when I got up to the top, I remember just sayin' something before all this started. Um, when I got up to the top floor putting out that I was on the second floor I think, I think.

[REDACTED] In, in, in your, it mentions you want to give 'em directions in. What, can you kind of explain...

Deputy Steven Lombardi: why.

[REDACTED] Why or yes please.

Deputy Steven Lombardi: So, when you have, a subject that, that has, um, rifles and ammo, um, you wanna give the responding of, officers or deputies the safest entry point into the building. Um, then keep them, um, but I think I also broadcast the cutoff but then so watch the south and the west side of the building. You want, you want to tell them what areas are, are the danger zones for them to approach and what's a safe zone to approach in. Um, if you don't do that, arriving, arriving officers or deputies that come could potentially be in the, in the fire zone or in the, um, I know what you call it, um, could put themselves in a position when they're arriving and be ambushed or be, be, uh, shot. So you try and put out a safe entry point in so that guys can come in, um, to support you. Um.

[REDACTED] Right thank you. Anything else or we can go back to your questions?

[REDACTED] Yeah, we can come back to the questions. One thing that I do want to do is that, uh, just have you initial and these are the markings that you made on here and then basically just put kind of uh, what each one of the markings on your, uh, kinda stands for okay?

Deputy Steven Lombardi: Okay.

[REDACTED] So, uh, here's a pen here, um, and then if you can just, you can just write down here, um, like path of travel, um, so we would know that the blue marking that you wrote on here, was the path of your travel coming into this location and then I wanted to mark,

uh, indicating what the X was for, and I believe when we spoke earlier you indicated that that X was approximately where you had, uh, met the lady in that SUV.

Deputy Steven Lombardi: And did you want me to put.

[REDACTED] Uh, you can put, um, contact with, um, female. And then the same for the other, um, if you could just show me here, um, again this is where you made contact with the female. And then this one here will just be your entry point. Can I get you to just initial and then you just put the date on there. It's, uh, March 15th. And I'm sorry just put the same, just, uh, initial here somewhere and then put the date as well. And then same for the, uh, so I took out the basement, that you didn't enter the basement so we just have first one, the second floor and then you could put a marking here, um.

Deputy Steven Lombardi: Nothing on

[REDACTED] You can put a mark on there just where you, uh, where you first saw the shooter.

Deputy Steven Lombardi: This is the second floor?

[REDACTED] That's the second floor, yes sir.

Deputy Steven Lombardi: Okay.

[REDACTED] And, uh, then there was a mark, if you could put, if there's nothing there just put a line through there and that was where, um, you were standing where you were standing when you first saw the shooter. Okay. And I think that's all we did on that one right.

Deputy Steven Lombardi: Yeah there's a mark on there and that was just the nurses station.

[REDACTED] Yeah. Okay. And then just so you guys know, um, I labeled each one of these with a one in the corner. They're all different um, just in case we, we come back to a second diagram we'll just label it two.

Deputy Steven Lombardi: Okay. You want me to initial and date.

[REDACTED] Please, yes. Is there anything you wanted to add?

Brett Sherman: Not at this time. So now we're gonna watch the video?

[REDACTED] Yes.

[REDACTED] Great.

[REDACTED] Yes.

[REDACTED] For all ****?

[REDACTED] Yes.

[REDACTED] Okay.

[REDACTED]

[REDACTED] All right. Okay, so we're back now. It's, uh, it's 2:00 p.m. and uh, Deputy Deputy Lombardi, uh, so were you afforded the opportunity to watch the video, um, one of 'em being your body-worn camera it's about a minute and 4 seconds from the time it turned on until the time that, um, I believe when you did the tactical reload is when you guys watched that one before. And then, uh, the CCTV system for, uh, the whole segment that was afforded to you?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay. Uh, we do have, uh, an admonition just basically about, um, the video and how, uh, it is, limited and and doesn't necessarily see exactly what the, the officer or the deputy sees so, um, we'll read that out for you guys right now.

[REDACTED] In this case, there is video evidence that you have had an opportunity to view after giving your initial statement. Video evidence has limitations and may depict the events differently than you recall. It may not depict all the events as seen or heard by you. Video has a limited field of view and may not capture events normally seen by the human eye. The frame rate of video may limit the camera's ability to capture moments, movements, normally seen by the human eye. Lighting as seen on the video may be different than what is seen by the human eye. It is already two-dimensional medium and may not capture depth, distance or positional orientation as well as the human eye. Remember the vide, video evidence is intended to assist your memory and ensure that your statement explains your state of mind at the time of the incident.

[REDACTED] Uh, having, having that, um, admonishment in mind, and the limitations of video and, uh, that it doesn't see exactly maybe what you see, uh, and then also, uh, having gotten to see that video, is there, uh, any information that you, that maybe it, uh, brought to light any, any things that you recall or anythings that you wanna add to your, uh, your statement?

Deputy Steven Lombardi: No.

[REDACTED] Okay.

Deputy Steven Lombardi: No.

[REDACTED] Okay. Um –

[REDACTED] No, I just said thank you.

[REDACTED] Yeah, uh, yes, thank you. Um, you, you've done an excellent job of articulating how you felt and your feelings up to the moment and everything. Um, there's just a few clarifying things that we wanted to, uh, address.

Deputy Steven Lombardi: 'Kay.

2ND FILE

[REDACTED] So we just have a few questions.

Deputy Steven Lombardi: Okay.

Speaker 1: Um, one of 'em is, now this is more, uh, I guess pertinent to our, uh, murder investigation and at the moment that you, you pushed the door open, uh, you said that you could see the light on the rifle?

Deputy Steven Lombardi: Yes.

[REDACTED] Could you better describe the rifle to me?

Deputy Steven Lombardi: I just remember, um, I think the light was a streamline and I just remember seeing, um, the, the, I thought it was part of the barrel and I knew based on the light and the barrel and, it, it was a rifle.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, I don't remember if I saw the foregrip on it or not. Um, but I remember the angle was more like someone standing there, like, like this.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, so —

[REDACTED] So when you, you're standing, you're, you're t, taking the, uh, the barrel's pointing, uh, kind of up, in the up direction?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay, not looking down?

Deputy Steven Lombardi: Correct.

[REDACTED] Okay. Uh, when you think back at, when you see that, that rifle and you see the suspect there, is he facing away from you, to the side or towards you?

Deputy Steven Lombardi: I didn't see him.

[REDACTED] Okay.

Deputy Steven Lombardi: Um —

[REDACTED] So all you saw was, was what you described, the barrel?

Deputy Steven Lombardi: Yes.

[REDACTED] Uh, could you see anybody else in that room?

Deputy Steven Lombardi: No.

[REDACTED] Uh, could you hear anybody, any voices?

Deputy Steven Lombardi: I didn't hear anything until I heard him rack, rack the rifle, um, and I heard her scream.

[REDACTED] Okay.

Deputy Steven Lombardi: Prior to that, I didn't see, I didn't see him, and I didn't hear him.

[REDACTED] Okay. Can you describe what, um, the scream you heard, uh, can you, uh, how do you know for sure that it was a woman?

Deputy Steven Lombardi: It was a very high-pitched scream.

[REDACTED] Okay, so high-pitch scream. Okay.

[REDACTED] You mentioned rack. Can you explain what that means for-?

Deputy Steven Lombardi: So when you charge, when you charge a rifle, uh, assuming it's an M4, uh, or any rifle, when you charge it, you have to pull the bolt back. There's a mechanism that allows you to pull it back, pull the bolt back and then you release it and it charges forward and it makes a very distinct sound when you charge a weapon and that's, that's, and you can, you can hear, you can even hear the round. Um, if you're, like when we're on a range, you can hear, um, the round feeding through, um, and most the time you can, you, you know when it's coming through. But when you hear that, you're, you're loading the, the weapon.

[REDACTED] Okay.

Deputy Steven Lombardi: There's no, I mean, it's very distinct sound. You know when you pull that bolt back and it, it goes, uh, it goes ch, ch, we know you're loading a weapon.

[REDACTED] Okay

[REDACTED] Uh, so simply putting a magazine into a magazine fed rifle doesn't necessarily make it ready to fire?

Deputy Steven Lombardi: No. No, if you, if you, if well, we have what's called patrol ready. Um, you can insert the magazine into the, into the, into the, uh, weapon and, um, patrol ready for us is the bolt's forward and the magazine's inserted in. So all you have to do to load the weapon is to pull up, the charge handle back and let it go.

[REDACTED] Okay.

Deputy Steven Lombardi: And then that charges the weapon. Um –

[REDACTED] Okay. Uh, I think that covers it.

Deputy Steven Lombardi: Correct.

[REDACTED] Okay. Um, just thinkin' about that room, I saw that, I, I've watched the video as well. So I see that the door is pushed open. Uh, do you remember if the door was self closing? Did, or did, do you think it was push close or did it have, like a mechanism like this door that automatically closes?

Deputy Steven Lombardi: I, I don't know.

[REDACTED] Okay. Did you, do you remember feeling tension on the door as you pushed it open or did it freely swing open?

Deputy Steven Lombardi: I don't remember feeling tension.

[REDACTED] Okay, okay. Um, do you have any other?

[REDACTED] Um –

[REDACTED] So we do have, uh, some of those basic questions we talked about, was about training and things like that, but do you have any other questions –

[REDACTED] Uh, yeah, I wanna clarify. Earlier, I asked, uh, if you were aware that there was law enforcement assigned to that, um, Vet's home?

Deputy Steven Lombardi: They're not law enforcement.

[REDACTED] Okay.

Deputy Steven Lombardi: They're, they're basically security guards.

[REDACTED] Okay.

Deputy Steven Lombardi: Okay? They're not armed. Um, they have marked cars, but they're not armed. Um, they've been trained to get to that status. Um, that's politics I'm not gonna get into. Um, that's not for me to say.

[REDACTED] You, you said they're –

Deputy Steven Lombardi: But they're not, they're not armed.

[REDACTED] Right. And then out there you said you were alone.

Deputy Steven Lombardi: Yes.

[REDACTED] Okay. You didn't know where your cover was coming from?

Deputy Steven Lombardi: No.

[REDACTED] Okay. Thank you.

Deputy Steven Lombardi: Okay.

[REDACTED] And, and, to clarify cover is –

Deputy Steven Lombardi: Another officer coming to my, to, to be with me to respond to the call for service. So –

[REDACTED] Thank you for that. Chip, anything you wanted to add?

Other Speaker: I do not.

[REDACTED] Okay. Uh, so that, there's a series of questions here. They're, they're pretty straightforward, um, just really to basically establish your training, your, and your, um, your status as a peace officer, really.

Deputy Steven Lombardi: Okay.

[REDACTED] Okay. So I know, we've already identified you, you gave us your name but if you don't mind just one more time, give me your name and then your, uh, employee I.D. number.

Deputy Steven Lombardi: So it's Steven Lombardi, 80, uh, Badge No. 86.

[REDACTED] Okay. On the date of, uh, this event, um, what was your call sign?

Deputy Steven Lombardi: Uh, 9 Edward 32.

[REDACTED] Nine Edward 32?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay. Um, can you tell me a little bit about that call sign? Like, what is, uh, what is the –

Deputy Steven Lombardi: Well –

[REDACTED] – area that you cover?

Deputy Steven Lombardi: So my area, I'm specifically covered, um, Yountville, I'm with, uh, it's a contract town. Um, there's a total of four of us, a sergeant and three deputies. Um, my responsibilities are to the town limits of Yountville. So I would take all, um, any kinda calls, um, uh, accidents. Um, the only place we don't take accidents is now on, on, on Highway 29, um, CHP's taking that over, um, but we take accidents and all kinds of, all reports, um, elder abuse, uh, domestic violence, battery, um, so we respond. That's always in, in the s, in the town limits of Yountville.

[REDACTED] Okay.

Deputy Steven Lombardi: So 9 Edward 32 is my designator. Um, it started, the 9, I think it just states, that it's Yountville. Um, 32, uh, like we have a 9 Edward 3 so he's one deputy there, 32 is the second deputy, I don't know why they went 34 but the graveyard guy is 34, so he's not even a 34. The sergeant is, uh, 9 Edward 30, um, so he is the, um, so he's designated the supervisor.

[REDACTED] Okay.

Deputy Steven Lombardi: Uh, in the Valley, the other Valley units are 5, uh, uh, uh, I think David unit, 5, 5 indicates the SO, uh, the D or David is, indicates dayshift. Um, and then the number indicates their beat. Um, so 5 David 1, he may B1, 5 David 2 is B2, 5 David 3 is the B3 unit. Um, David 4 would be the north unit and David 10 would be the, um, s, shift supervisor. You want me to tell you what beats, the structure beats?

[REDACTED] No, that's okay, thanks. Um, uh, so being that you're assigned to, to Yountville and you said there's, uh, three deputies and, and one sergeant, right? Uh, so where would your nearest backup generally be coming from? Did you have two deputies working that day?

Deputy Steven Lombardi: No, no. Um, Friday, so there's three of us on, uh, Wednesday. Uh, then there's two on on Thursday and I'm by myself on Friday from 7 to 6, 7 to 6. Um, if my backup comes, it would be coming from Angwin, um, or from the, from the Beat 4 guy or the Beat 3 guy but it depends where the Beat 3 guy is that day, if he's, um, around Yountville then he would respond. Um, any of the deputies could respond but depending on their location because of the geography, um, it could be, um, they could be right there or could be, you know, uh, an extended –

[REDACTED] Correct.

Deputy Steven Lombardi: – 5, 10 minutes.

[REDACTED] Okay. Um –

Deputy Steven Lombardi: – 2, 3 minutes.

[REDACTED] And is this your normal, um, is this your normal assignment –

Deputy Steven Lombardi: Yes.

[REDACTED] – in – okay, in Yountville? Um, can you just explain kinda the natures of the duties that you handle, you kinda hint, hinted a little but that you handle, uh, traffic collisions –

Deputy Steven Lombardi: So we handle, um, all calls for service within the town limits. Um, any criminal cases, um, any, um, we'll do informational reports, um, any calls for service, if we get 911 call, we respond. Um, you get a call that they want, someone wants to talk to an officer, um, you go out there and you talk to the person that called.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, so all calls for service.

[REDACTED] Okay. Um, prior to this assignment in Yountville, did you have any other assignments or have you always been in, in Yountville?

Deputy Steven Lombardi: So this is my second time in Yountville. Uh, I've been with the department for, comin' up on 27 years. Um, my anniversary date will be, um, I think it's, the official date is 4/13 but I was sworn in on the 15th. Um, this is my second term in Yountville. I was in Yountville, I believe, from 2000 to 2002. Um, and I came back in, and I think, wanna say March of last year to Yountville. Uh, prior to that I worked the Valley, um, as a patrol deputy. I was an admin deputy for about 8 years, um, kinda jumpin' around, sorry.

[REDACTED] It's fine.

Deputy Steven Lombardi: Uh, I've worked the boats up at Lake Berryessa, um, in the summertime. Um, I was a range instructor. Um, I was liaison for the mounted posse for about 12 years. Um, can't think of anything else.

[REDACTED] It's a lot.

Deputy Steven Lombardi: Yep, yeah. Oh, and and then because of my years in service and stuff, I'm, I'm considered a senior deputy.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, that's designated by, uh, the first stage is two stripes, the second stage is two stripes and a star.

[REDACTED] Okay. Um, you got on it a little bit, I was gonna ask you about any specialty assignments, you mentioned that you were a range officer and then a, you said a liaison to the mounted –

Deputy Steven Lombardi: Mounted posse.

[REDACTED] – mounted posse? Did you have any other specialty assignments?

Deputy Steven Lombardi: Um, just administrative deputy.

[REDACTED] Okay. Um, with that, the, those specialty assignments, did you have any specialized training?

Deputy Steven Lombardi: Um, as a range instructor we, we would, um, go over active shooter. We would just, um, we changed our whole, I was one of the, one of the instructors that was in on the ground floor for changing our range program.

[REDACTED] Okay.

Deputy Steven Lombardi: Or involved in that, um –

[REDACTED] Being a range officer, I would assume you spend a lot of time on the range.

Deputy Steven Lombardi: Yes.

[REDACTED] Um, so you, that would make you very familiar with rifles –

Deputy Steven Lombardi: Yes.

[REDACTED] – and how in, how to, uh, charge the rifle like we talked about earlier.

Deputy Steven Lombardi: Yes.

[REDACTED] And that distinctive sound.

Deputy Steven Lombardi: Yes.

[REDACTED] Okay. Um, did you have any military experience? I think you said no earlier.

Deputy Steven Lombardi: Right, no military.

[REDACTED] Okay.

[REDACTED] But could you stay on the topic of training?

[REDACTED] Yeah.

[REDACTED] Um, what does it take to become a, a range master?

Deputy Steven Lombardi: Um, so when I, when I became a range instructor, um, I went, um, they, they had us, when we start changing the program and I, uh, we started to make the change and I was put in, I went to a school, um, uh, in Fairfield for the ra, for the, to become an instructor and you go through the course and then, uh, at the end of the course you put on a, a course of fire. Um, and then we went through Mike Taylor's training, um, which is, uh, I don't, I think it was 3 days. Um, and it's, it's a high, high intensity training, um, drawing, constant drive, a lot of dry fire, a lot of practice with rifles, you know, dry fire. Um, positions, um, positions you carry the rifle in, how to transition from your rifle to your pistol, um, moving shooting, uh, target identification, um, um, a lot of, uh, boardw, they call it boardwalk tele, um, it's here on the boardwalk. You'll be, uh, some of the training that we did was we would move and shoot and we would do these volleys, um, and then there's, um, I'm not, I'm not doin' it justice. Uh, it was not an easy course. By the time you were done, your hands were all blistered and, I mean, guys looked like, uh, because you're, you're practicing your dry fire, you do building entries, um, we did building entry, a lot of building entries, uh, a lotta search stuff. Um -

[REDACTED] And, and you mentioned, um, building searches was this, what type of weapon?

Deputy Steven Lombardi: We deal with, with handgun and with rifle.

[REDACTED] Okay. Um, can you kind of describe what type of training was given to you or, for, with the rifle inside buildings.

Deputy Steven Lombardi: So they teach you how to, how to uh go through the doorway. How to, how to, um, carry, the position you carry your rifle in when you go through a doorway. Uh, you want me to describe that?

[REDACTED] Yeah. I noticed that your, your-your ah kinda doing this-can.

Deputy Steven Lombardi: Okay.

[REDACTED] can you kinda

Deputy Steven Lombardi: So, uh, they call it the underarm assault position So, uh, like I'd say if you're going through a door you'd be in an arm assault position because you don't want your barrel to lead in, uh, to lead into the doorway because the bad guy can, uh, grab your muzzle or it'll indicate where you are and then if he sees that, it gives him, uh, an area of, uh, that you might be in where he can shoot you. So the underarm assault position is, um, you're basically here, um, you're on safe, um, your hand is on, on the fore grip and then, uh, you enter the room. Um, you try not to lead with your barrel and then you go around the corner. You clear

your corners, um, for the room, uh, and this position is a very strong position because if they do grab it you have ways to, uh, move the rifle to, to try and break their grip. Um, instead of out here, um, there's not much strength in it. Here it's close to your body, it's in your torso, uh, up against your torso. So it's your underarm assault position.

[REDACTED] Okay. It, and when, can you just tell us when that would, when would you use a rifle inside a building?

Deputy Steven Lombardi: During an active shooter, um, uh, when you believe that someone has something that's, uh – well, if you're going to any kind of, any kind of call that involves, uh, a weapon and you're going to be searching or any kind of call that, um, uh, where you might be evacuating people where there's gunfire you would bring out your rifle. When you go to an armed robbery call, you're bringing out your rifle because you don't know what they're coming out with. Um –

[REDACTED] Okay. Thank you. Um, you also mentioned active shooter training. Can you tell me what type of training you've received?

Deputy Steven Lombardi: So we've done simunitions on it. Um, we, I've been through several. I went to the simunitions training course, uh, they had in Napa. Uh and we done sim, simunitions training here in, in town, I mean in Napa, um, over the years, uh, for active shooter.

[REDACTED] You –

Deputy Steven Lombardi: That involves uh, so if you don't know what simunitions are, simunitions are little, you're actually firing, firing, firing a paint projectile. Uh, so, it's, it's like doing the real thing but it just leaves you with a welt. If you're not wearing thick enough clothing and a, and a paint marker.

[REDACTED] You, you mentioned a, a Napa training, the first one you meant.

Deputy Steven Lombardi: Simunitions?

[REDACTED] Simunition training you did. Do you remember how long that was?

Deputy Steven Lombardi: I don't remember how long the course was. Um, I think it was uh a week-long training. I'd say 3 to 5 days 'cause they go over, in the simunitions training, they go over um, all the safety gear and precautions. How to set it up, um, scenarios, uh, all the equipment that's required. The different zones, um, so that someone doesn't bring in live ammo into a training, in, into a training.

[REDACTED] Um, I know I'm kind of jumping back and forth. Going back to your range instructor, um, did you ever put on trainings?

Deputy Steven Lombardi: Yes.

[REDACTED] As a - Can you explain?

Deputy Steven Lombardi: So, uh, during, during the trainings we would have, uh, deputies come up and we would train 'em to walk, to do room entries with uh, their handguns, with rifle. Uh everyone went through a 3-day, minimum 3-day training course where you actually teach them how to draw the weapon and draw your handgun and then how to, uh, transition from your, you know, carry your rifle, the different positions of carry. Uh, underarm assault at the ready uh, let it hang, um, keeping one hand on it.

[REDACTED] Can you, uh, can you explain those?

Deputy Steven Lombardi: Okay, so I explained the underarm assault already.

[REDACTED] Correct.

Deputy Steven Lombardi: So at the ready means your, your, your rifle is here and when you're searching or you're moving your rifle's here so that when you come up it's, if your down, if your way down here it's, it's, it takes too long. So at the ready means you're ready if something comes up, uh, a threat comes up you'd come up, you'd come up from here. Um, let it hang is just basically you're standing there and your rifle's hanging. It's slung, it's hanging your, and your, and your hand is just, it's on the rifle so it doesn't bounce around. Weapon is always on safe. Um, the weapon stays on safe until you're ready to fire. um

[REDACTED] Okay, thank you. Um, and being a range instructor, uh, do you know what, this may sound like a s-, do you know what, what rounds will do downrange? Or, uh-

Deputy Steven Lombardi: Sure, yes.

[REDACTED] Can you explain?

Deputy Steven Lombardi: So what rounds do you want to know about?

[REDACTED] A rifle's.

Deputy Steven Lombardi: Okay, so a rifle, a rifle is a very high-powered weapon. Uh, it will penetrate body armor. It will penetrate sides of cars. Um, it will go through these walls. These walls won't do anything to just stop it. Um, it's a very high-powered round traveling at prob, uh, approximately depending on what, on what round it is, um, uh, thousands of feet per second. Um, they have a distance, uh, of 2 or 300 yards depending on the weapon. The larger the caliber, like a 308, is also used for snipers, um. It, it's a large round, a heavy round, will travel through, uh, material very easily, um, a very devastating weapon. Um, I know when a 223 hits you, um, it, um, some, some of the training we had, the round, um, doesn't just go right through you. It tumbles and creates a large wound cavity, and with that large wound cavity, you have a lot of bleeding. Um, so depending on where you get hit, um, it does a tremendous amount of damage. So if you were hit, to get hit in the torso, um, it would, the, the round would basically go, even with the Kevlar vest on, uh, that we wear, the body armor we wear, it'd go through and out the

other end. Um, and as the round travels, I believe it, it'll start to tumble or fragment in, into, into, um, in, in whatever it's hitting, depending on what it's hitting, um, but it leaves a large wound cavity, which means you, you can bleed out and you die. It's a devastating round.

[REDACTED] Thank you,

[REDACTED] Just, uh, fixating on the –

Deputy Steven Lombardi: Sure.

[REDACTED] – on that, the difference between a, a 223 and a 308, which one is bigger?

Deputy Steven Lombardi: The 308 is way, is, is bigger.

[REDACTED] Um, and which one, uh, obviously, it depends on where something or somebody was hit, but in general, would the 308 do more damage than the 223?

Deputy Steven Lombardi: Oh, absolutely. It, a 223 is like a high-powered 22, but –

[REDACTED] The 308 generally, like if it was used for hunting, what would, what would the, um, the game it would be used for?

Deputy Steven Lombardi: Deer, elk –

[REDACTED] Okay.

Deputy Steven Lombardi: – um, boar –

[REDACTED] Okay.

Deputy Steven Lombardi: – um –

[REDACTED] So it has more stopping power than say a 223?

Deputy Steven Lombardi: – oh, yeah, way more stopping power, so.

[REDACTED] Uh, is it louder?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay, Um, you talked about training, uh. Did you ever get uh specific training that, um, had to do with like the difference between reacting to a, a hostage situation versus, uh, reacting to a active shooter situation?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay, you mentioned before that your first intent was to just contain the shooter there and then you heard it, uh. You heard that gun rack –

Deputy Steven Lombardi: Yes.

[REDACTED] – then you transitioned into –

Deputy Steven Lombardi: I heard the gun rack –

[REDACTED] – and you, and the scream.

Deputy Steven Lombardi: – I heard the scream.

[REDACTED] Yeah and then you transitioned into wanting to stop that threat.

Deputy Steven Lombardi: Yes.

[REDACTED] Is that consistent with the training that you had?

Deputy Steven Lombardi: Yes.

[REDACTED] Uh, do you remember if that was through the Napa Sheriff's Department or if it was through another agency?

Deputy Steven Lombardi: Um, the Napa Sheriff's Department.

[REDACTED] Okay.

Deputy Steven Lombardi: I, I haven't been a full-time peace officer in any other agency other than as a reserve in Belmont.

[REDACTED] Okay.

Deputy Steven Lombardi: Oh, correct that, I did a year and a half there as a reserve.

[REDACTED] Okay, you transitioned right into my next question, so I appreciate it.

[REDACTED] Um, you mentioned some of your specialties. Is there, uh, can we just go over them real quick. I uh, jot em' all down, it's been, you were in Yountville patrol.

Deputy Steven Lombardi: So from the beginning, um, I'll try and do chronological order.

[REDACTED] Sure.

Deputy Steven Lombardi: So, um, CSO San Carlos, reserve peace officer in Belmont, got hired here, um, was a patrol deputy, um, I'm sorry, what was your question again? Just my experience in -

[REDACTED] Any specialty assignments, uh, besides patrol.

Deputy Steven Lombardi: - uh, range, range instructor. I was a range instructor for the posse as well, uh, liaison for the mounted posse, um, and then just admin deputy and then patrol.

[REDACTED] Okay. No SWAT?

Deputy Steven Lombardi: No, no SWAT.

[REDACTED] Okay and no other specialty? Okay.

Deputy Steven Lombardi: Not that I can think of off the top of my head.

[REDACTED] Okay. Um, yeah, go ahead.

[REDACTED] Okay, I -

[REDACTED] Yea go ahead.

[REDACTED] - we may circle back to training but, Uh, to, to move on, um, so how long total with this agency? I'm sorry, did you want to -

Deputy Steven Lombardi: Uh, HNT, sorry.

[REDACTED] - okay, no problem

Deputy Steven Lombardi: I was in HNT.

[REDACTED] How long did you do HNT?

Deputy Steven Lombardi: Um, I'm still on, so -

[REDACTED] Oh, okay.

Deputy Steven Lombardi: Um, I don't - maybe 4 years. I, I don't remember when I started, um. I think [REDACTED] uh, was in charge of the team when I started.

[REDACTED] Okay.

Deputy Steven Lombardi: Actually, he was in charge of the team, so I don't know how long that is.

██████████ Okay.

Deputy Steven Lombardi: Um –

██████████ And, uh, you mentioned active shooter.

Deputy Steven Lombardi: – mm hmm.

██████████ You, you were dispatched to an active shooter.

Deputy Steven Lombardi: Yes.

██████████ Which you said that's earlier, and you're the first officer there.

Deputy Steven Lombardi: Yes.

██████████ What is, what have you been trained to do in those situations, uh, responding, arriving to an active shooter call, and being the first officer on scene?

Deputy Steven Lombardi: You go in. You go in, you go in and stop the threat.

██████████ Okay,

Deputy Steven Lombardi: You go in, you go in and stop the threat.

██████████ Okay, um, thank you. That's fine, yeah, thank you.

██████████ I think you did mention, but I just wanted to make sure we're clear, um, how long total have you been with, with this agency?

Deputy Steven Lombardi: Uh, I'll be coming up on 27 years in April.

██████████ Uh, Congratulations, um, and you have said no other prior time as a sworn officer with any other agency?

Deputy Steven Lombardi: Just the reserve peace officer.

██████████ You, you did the reserve? Okay.

Deputy Steven Lombardi: Yeah.

██████████ Um, so, um, when you arrived on scene, were you, it was a solo unit? You didn't have a partner with you?

Deputy Steven Lombardi: No.

[REDACTED] Okay.

Deputy Steven Lombardi: Solo.

[REDACTED] Um, uh, when you arrived, were you in a marked black and white –

Deputy Steven Lombardi: Yes.

[REDACTED] – patrol vehicle? Can you just briefly describe what, uh, a patrol vehicle is?

Deputy Steven Lombardi: Uh, Napa County, Napa County Sheriff's Department vehicle is, uh, all black. The doors are white, um. The doors say sheriff, uh, say sheriff on the side, Napa County, has a light bar on top, has the numbers to the unit on top, and then on the quarter panels on the left and right side, my unit has Town of Yountville, I think on the side windows and on the back window.

[REDACTED] Okay, Uh, to your knowledge, uh, was anything defective about the patrol vehicle?

Deputy Steven Lombardi: Not that I'm aware of.

[REDACTED] Okay, uh, were you in uniform?

Deputy Steven Lombardi: I was.

[REDACTED] Again, could you just briefly describe your uniform?

Deputy Steven Lombardi: My uniform consists of, uh, a, uh, khaki shirt, green, green pants, uh, black boots, um. I have a patch on the left arm that says Napa County Sheriff, patch on the right arm. I carry a badge on my left, uh, left chest, um, and then my name's embroidered on the right side. I have, uh, my full duty gear, um, and on my duty, do you want?

[REDACTED] Yeah, would you mind describing what you carry?

Deputy Steven Lombardi: So on, on my duty gear, um, on the right side, um, I have my, uh, my 1911, uh Kimber 1911, it's a 45 caliber gun, um. Then I have my pepper spray. I have my cuffs. This is moving from right to left.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, uh, I have, uh, my magazines. I have three uh 45 magazines, um. I have a tourniquet. I have a radio and then I have my flashlight, and my keychain is back here, like behind my right back, side of my back.

[REDACTED] And then under your uniform, you wear soft body armor?

Deputy Steven Lombardi: So I wear, yeah, I wear, um, I wear a Kev, a Kevlar, uh, body armor with a trauma plate and then I wear a black tee shirt.

[REDACTED] Okay, that body armor, what, what does that body armor designed to stop, or what threat-

Deputy Steven Lombardi: It's just, uh, designed to stop handgun rounds, like 45, 9-millimeter, 357 because, uh -

[REDACTED] - okay and you mentioned the trauma plate.

Deputy Steven Lombardi: - yes.

[REDACTED] Uh, what's the purpose of the trauma plate?

Deputy Steven Lombardi: The trauma plate's to protect the heart because even though the round hits you in the chest, the actual blunt force trauma can cause your heart to stop. So that helps spread that out around that area.

[REDACTED] Okay, um, you mentioned your, uh, your handgun, the, it's a Kimber 1911 45 caliber. Is that, uh, is that your primary weapon that you carry?

Deputy Steven Lombardi: On, on my belt?

[REDACTED] On your belt?

Deputy Steven Lombardi: Yes, yeah, yes.

[REDACTED] Is that a department weapon or is that personally-

Deputy Steven Lombardi: Department.

[REDACTED] It's a department weapon. Okay, Um, did you load that, that weapon?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay, when you load that weapon, can you just describe how many round it, it holds and how many, how that all functions?

Deputy Steven Lombardi: So, uh, it's a semi-auto pistol, um. The 1911 is, is a single action gun, which means you have to, um, have the hammer cocked back for it to fire, uh. When you load the weapon, or you load the handgun, you insert the magazine into the, um, the base of the pistol grip, or the base of the grip, um, and you'll hear a click, um, and that's the little, um, magazine release holding the magazine in place, um. You draw the weapon, um, usually, if we

load and unload it's in the barrel, a special barrel. Um, you draw the slide back and let it go forward, um. That, that opens the, uh, that comes back and then the, the forward motion of the slide draws a round into the chamber, um. That weapon's designed to, uh, they call it locked and cocked. It's designed to be carried, uh, with a safety on, and, uh, and then holstered. There's a grip safety on the back of the, where the webbing of the hand is and there's a thumb safety, and then there's also an internal safety, um, that if you were to drop the handgun, the firing pin wouldn't come forward, uh, and discharge a round. So it's, it's a pretty safe firearm.

[REDACTED] Okay, Um, can you tell me how many rounds that you load into each magazine.

Deputy Steven Lombardi: So each magazine that I have carries eight rounds and only carry one in the chamber, so for a total of nine.

[REDACTED] Okay, so in the gun, there's one in the chamber, eight in the magazine.

Deputy Steven Lombardi: Right.

[REDACTED] And then your spare, um –

Deputy Steven Lombardi: I have three, three eight-round magazines.

[REDACTED] – okay and those are on your belt.

Deputy Steven Lombardi: Yes.

[REDACTED] Okay, um, do you have, uh, there's many kinds of holsters, um. I don't, do you have a, um, holster that you personally purchased that has different retention or is it a dep –

Deputy Steven Lombardi: It's a department issued holster.

[REDACTED] – okay. Can you describe the retention for your weapon?

Deputy Steven Lombardi: So it's, I think it's, uh, I think it's made by Black Hawk. It's a mid-ride. Um, it has, uh, a retention for, so if you were just to put it, when you put it into the, into the gun, there's the friction retention and there's also a button that you press to the side, and, um, if you try and pull the gun up and press the button, you can't get the gun out. So you, um, typically, I push down, press the button, and pull out as you're pressing the button so you can draw the firearm.

[REDACTED] Okay, um, do you carry a backup weapon?

Deputy Steven Lombardi: I do. I carry a 38.

[REDACTED] Okay and that, and how do you carry that?

Deputy Steven Lombardi: So I carry that in a DeSantis hols, a hol, pocket holster, um, in my cargo pocket.

[REDACTED] Okay and how many rounds are loaded into that?

Deputy Steven Lombardi: That one gets five rounds.

[REDACTED] Okay, is that your personal weapon.

Deputy Steven Lombardi: That is my personal weapon.

[REDACTED] What's the purpose of carrying a backup weapon?

Deputy Steven Lombardi: So if, um, you, if you, if for some reason, your primary handgun fails, you have another, another firearm, or if you can't get to your, your primary, um, weapon, and you have to, um, and you're in a life threatening situation and you, you can't use that gun, then the secondary's there to use.

[REDACTED] Okay.

Deputy Steven Lombardi: The backup's there.

[REDACTED] And, uh, I think you, you indicated that it was on, in your left cargo pocket.

Deputy Steven Lombardi: Yeah.

[REDACTED] Is that where you carry it? Okay.

Deputy Steven Lombardi: Yes.

[REDACTED] Um, was anything defective that, any equipment that you were carrying that, to your knowledge?

Deputy Steven Lombardi: Not to my knowledge, no.

[REDACTED] Okay, um, so specifically in this instance, did you, did you carry or put on anything that you normally don't wear to any, to a routine call?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay, can you describe that?

Deputy Steven Lombardi: So, um, I had, oh I forgot to mention I had a baton.

[REDACTED] Okay.

Deputy Steven Lombardi: Uh, it's a baton ring, actually, because I carry a wooden stick. I don't carry the ASP. So, um, I, it, I guess for lack of a better term, drop, drop leg mag pouch, um. It basically, it's, um, it's a, um, a clip, um, uh, it's a clip that will lock in place and I got it first because I have horses and it, it's, once you walk in place, it stays locked. So, um, I basically connect that to the baton ring, and then I have a strap that goes around my leg and connects it to keep the thing from flopping all over the place, and it'll hold two, two rifle magazines and two pistol magazines.

[REDACTED] Okay, is that what you carried in it?

Deputy Steven Lombardi: That's, yes.

[REDACTED] Okay and what's the purpose of needing something like that?

Deputy Steven Lombardi: So if I get in a situation where there's a lot of rounds exchanged or I get in a situation where, um, um, I need extra ammo, I have it. That's it.

[REDACTED] Okay and, uh, in the radio traffic that you heard when you initially, the initial call came out and information you gathered en route to this call, is that the reason that you decided that you would need to carry –

Deputy Steven Lombardi: Yes.

[REDACTED] – additional magazines?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay, um, but that's not, that would be something that, that is specific to what type of call?

Deputy Steven Lombardi: Uh, specific to active shooter calls, specific to, um, if, if you, like say if you have, uh, any type of extremely high-risk call that involves firearms, um, where you would deploy your rifle.

[REDACTED] Okay, um, in your, um, patrol vehicle, do, you have access to long guns.

Deputy Steven Lombardi: Yes.

[REDACTED] Either shotgun or rifle.

Deputy Steven Lombardi: Rifle.

[REDACTED] Rifle, okay is that, how is that rifle secured in the vehicle?

Deputy Steven Lombardi: So, um, uh, that rifle's mounted to the right of me. There's two slots, one for a shotgun, one for a rifle. We don't really use a shotgun anymore. Uh, it's in a, like it's a handcuff style lock, um, and the butt of the magazine, uh, I'm sorry, the butt, the butt of the, um, the butt stock goes into a, uh, metal piece, uh. The rifle is put vertically and this handcuff clamp comes onto it.

[REDACTED] Okay. All right, uh, and, uh, can you describe the, the rifle you carry?

Deputy Steven Lombardi: I carry, um, a, what's called an M4. I believe it's made by Rock River Arms, um. It is, the stock is adjustable, um. It has, uh, the ability to take a, uh, 30-round magazine that we only carry 28 rounds in it, uh, typically, um. It has, uh, a thumb safety on the left side, um, a magazine release button on the right side of the weapon, um. It has a dust cover to protect the bolt from, from dust, um. It has a fore grip, uh. On my, on my fore grip, I have, um, a sling attachment, um, and it's a two-point sling, um. It goes from the, uh, right, right below my back where my pistol stock is where the sling attaches there, and then it attaches by a, like a push button, um, uh, device.

[REDACTED] It's quick release?

Deputy Steven Lombardi: Yeah, it's quick, yeah, it's a quick release, um. At the, uh, end of my rifle, I have a, uh, light.

[REDACTED] Okay, is this your rifle or is it a department rifle?

Deputy Steven Lombardi: It's a department rifle.

[REDACTED] Is it normally, uh, so, is this, the normal patrol car that you were driving, is this the normal patrol car that you drive every day?

Deputy Steven Lombardi: Yes.

[REDACTED] Is it your assigned patrol car?

Deputy Steven Lombardi: It is.

[REDACTED] Okay, so is that rifle always the same rifle that's in there?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay.

Deputy Steven Lombardi: It's assigned to me.

[REDACTED] Um, so it's assigned to you, uh, just like the car is assigned to you.

Deputy Steven Lombardi: Uh, car assignments can change, but the rifle doesn't.

[REDACTED] Okay, so that's the rifle you would always have. If you switched cars, you would switch that rifle?

Deputy Steven Lombardi: The rifle comes with me to the new car.

[REDACTED] Okay, makes sense. Um, did you load that weapon?

Deputy Steven Lombardi: I did.

[REDACTED] Okay, did you load it as you described, 28 rounds in the —

Deputy Steven Lombardi: I, I don't know if 28 rounds were in there, um. I haven't been diligently keeping track of the rounds because sometimes when I've drop the magazines, or I've drop my magazine carrier, rounds come out and sometimes I put them back and sometimes you can't find them in the car.

[REDACTED] Okay.

Deputy Steven Lombardi: Um, or I, uh, yeah, I, I don't know if it had 28, honestly don't know if it had 28 rounds that day.

[REDACTED] Okay, when you initially load it, is that your kind of rule is 28 rounds?

Deputy Steven Lombardi: Yeah, you don't do 30 because if you do 30, and you pull the charging handle back, the magazine could be forced out.

[REDACTED] Okay, um, you mentioned earlier that the rifle generally is patrol ready —

Deputy Steven Lombardi: Yes.

[REDACTED] — so, uh, it would have the magazine in but not a bullet in the chamber?

Deputy Steven Lombardi: Correct, it's the magazine's in place in the rifle. The bolt is forward. The gun's left on safe.

Speaker 1: Okay and then when you pulled it out, uh, did you have to make it ready?

Deputy Steven Lombardi: Yes.

[REDACTED] And you did that how you described earlier. You pull the charging handle back, release it.

Deputy Steven Lombardi: Yes.

[REDACTED] Okay and that loads the bullet into the chamber.

Deputy Steven Lombardi: Yes.

[REDACTED] Okay, um, can you tell me, uh, can you tell me when, uh, I assume that you, uh, as a range officer, uh, you've qualified many times with these rifle, uh, with the rifle and your handgun?

Deputy Steven Lombardi: Yes.

[REDACTED] Do you also qualify with, with the, um, your, um, backup –

Deputy Steven Lombardi: Yes.

[REDACTED] – pistol? Okay, can you tell me when the last time you qualified with each one of 'em, if you remember?

Deputy Steven Lombardi: Uh I remember we just did one for, I believe we just did one for our back ups.

[REDACTED] Okay.

Deputy Steven Lombardi: And off duty, and then, um, I don't remember when we qualified with the rifle and pistol.

[REDACTED] Okay.

Deputy Steven Lombardi: I know it was within, I think we're, we're required to do it every year.

[REDACTED] Okay. Um, how was your last qualification?

Deputy Steven Lombardi: It was Fine. Passed -.

[REDACTED] How often do you go to the range?

Deputy Steven Lombardi: We go to the range once a month.

[REDACTED] Okay. And now what weapons do you shoot?

Deputy Steven Lombardi: So I'll shoot, um, we bring our rifle and our, uh, our pistol and I carry my back up, but the, the primary weapons we shoot are, are my side arm, uh, and my rifle.

[REDACTED] Okay, and it's once a month?

Deputy Steven Lombardi: Once a month.

[REDACTED] Are you required to attend?

Deputy Steven Lombardi: Yes, I do.

[REDACTED] Thank you.

[REDACTED] Okay. Um, that's all I have in questions, uh, like that. We, we can continue if, unless you need a break.

Deputy Steven Lombardi: I'm, I'm okay.

[REDACTED] Okay. Okay. Um, so I'll just ask you some questions now. Uh, kinda just a little bit about how you were on that date. Um, uh, due to this incident did you receive any injuries?

Deputy Steven Lombardi: Uh, my knee is sore and I uh—

[REDACTED] Okay.

Deputy Steven Lombardi: — um, it looks like there's some slight bruising, but other than that, no, nothing.

[REDACTED] Okay. Do you recall where, where that happened or —

Deputy Steven Lombardi: No.

[REDACTED] — no? Okay. Um, do you have any physical defects related to your ability to complete your assignments?

Deputy Steven Lombardi: No.

[REDACTED] Okay. Uh, do you wear glasses? [REDACTED]
Do you wear glasses or contacts?

Deputy Steven Lombardi: [REDACTED]

[REDACTED] [REDACTED]
Deputy Steven Lombardi: Yeah.

[REDACTED] Okay.

Deputy Steven Lombardi: [REDACTED]

[REDACTED] Nice, that's very good. Okay, and, um, are you diabetic?

Deputy Steven Lombardi: [REDACTED]

[REDACTED] Are you under the care, uh, of a doctor?

Deputy Steven Lombardi: [REDACTED]

[REDACTED] Um, do you take any prescription medication?

Deputy Steven Lombardi: [REDACTED]

[REDACTED] Okay, [REDACTED]

Deputy Steven Lombardi: [REDACTED]

[REDACTED] Okay. [REDACTED] and, um, just for the record, uh [REDACTED]
[REDACTED]

Deputy Steven Lombardi: [REDACTED]

[REDACTED] Okay.

Deputy Steven Lombardi: [REDACTED]

[REDACTED] Okay. That was my next question. [REDACTED]
[REDACTED]

Deputy Steven Lombardi: No.

[REDACTED] Okay. [REDACTED]
[REDACTED]

Deputy Steven Lombardi: No.

[REDACTED] Um, okay, did you consume any alcohol within 24 hours prior to the incident?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay. Um, how much?

Deputy Steven Lombardi: Probably about 4, 4 glasses.

[REDACTED] Okay. Can you describe what, what you were drinking?

Deputy Steven Lombardi: Um, Honestly, I think Joel got red wine. Uh, we, my wife and I had that with dinner.

[REDACTED] Okay.

Deputy Steven Lombardi: Um.

[REDACTED] So you, I, um, did you have that at home or were you out to dinner?

Deputy Steven Lombardi: No, it was at home.

[REDACTED] At home, okay. Um, can you tell me when you started, uh, drinking and when you stopped, roughly if you can remember?

Deputy Steven Lombardi: Uh, I didn't have any past 9 o'clock.

[REDACTED] Okay, so you, you were done by 9 o'clock?

Deputy Steven Lombardi: Yeah.

[REDACTED] Okay. Um, on the date of incident, did you feel any effects from the alcohol you drank the night before?

Deputy Steven Lombardi: No.

[REDACTED] Okay. Um, I don't have anything else on, on that line of questioning. Did you have anything else that you wanted to, to get into?

[REDACTED] Um, are you gonna go over these questions?

[REDACTED] Oh, yeah, I apologize. Um, after the incident did you, uh, or anyone else give the supervisor a public safety statement?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay. Um, what was said in that public safety statement?

Deputy Steven Lombardi: I think, oh, I think I gave it to [REDACTED] Um, I think I told him I saw, uh, the rifle. I don't remember if I, I don't remember if I, I don't remember if I told him what, um, why I fired.

[REDACTED] Okay. Um –

Deputy Steven Lombardi: I, I remember, yeah, I don't remember. I don't remember telling him that I fired or not.

[REDACTED] Okay. Did you, um – I'm sorry is [REDACTED] is [REDACTED] a supervisor?

Deputy Steven Lombardi: He's a lieutenant, yeah.

[REDACTED] He's a lieutenant. Where was the safety statement? Was it while you were still in the building or?

Deputy Steven Lombardi: Yes.

[REDACTED] Okay. Um, do you know what action, what actions the supervisor took?

Deputy Steven Lombardi: What do you mean?

[REDACTED] I mean did he give directions to anybody or, uh, or to you, um, to go do something or do anything at that time?

Deputy Steven Lombardi: Not that I can remember.

[REDACTED] Okay.

[REDACTED] Do you recall giving any, uh, public statements, or a statement to someone prior to Lieutenant [REDACTED]

Deputy Steven Lombardi: I, I don't remember if I said somethin' to, to [REDACTED] or not about, 'cause I remember, I, I don't remember if I, if I told him why I shot him. Um, I remember [REDACTED] asking me about the door. Um, and I remember him saying that the door had the big holes in em. And he said that's because, are, are those your shots in the door? I said yes. And he goes, those are too big for 223, and that's when he said the 308. I, I don't remember, I don't remember specifically if I gave details to my actions.

[REDACTED] Okay.

[REDACTED] Okay. Um, after the incident and you were relieved, um, do you know who, who did, who monitored you?

Deputy Steven Lombardi: So [REDACTED] was the first one that monitored me. Um, he was pretty good. He, he, he helped me out a little bit. Um, I made my weapon safe, or my rifle safe. We got in his car. Um, we drove north on that road I entered on, um, and then we went to, uh, near the command post, and then I had, um, [REDACTED] there.

[REDACTED] Okay. Um, so that's, that was a couple of my next questions, uh, you already covered 'em. Uh, so you said, um – some, some of these questions are not, are not going to be relevant. You said you never saw any of the other victims that were in, inside the, the room?

Deputy Steven Lombardi: No.

[REDACTED] Did you ever speak to any of the victims that, that had been released, um, after you were moved out of the building?

Deputy Steven Lombardi: No. I was put in, in a, the back of a pickup truck. Someone from [REDACTED] car, his patrol car into the back of, uh, the vehicle [REDACTED] was driving and that's where I sat.

[REDACTED] Okay. Um, so we did talk about you had met with, uh, the first victim after, um, in the SUV as you were driving out.

Deputy Steven Lombardi: Oh.

[REDACTED] In fact, I don't know if that's a victim. I, I –

Deputy Steven Lombardi: I, I, I saw, I saw, I saw a woman in a, in a black SUV.

[REDACTED] Yeah and you still, you still remember, um, what interaction you had with her or what she said?

Deputy Steven Lombardi: I, I don't remember.

[REDACTED] Other than pointing you in the other direction, okay?

Deputy Steven Lombardi: Yeah.

[REDACTED] And then after watching a video and seeing any interaction, uh, do you recall anything about that, um, about what was said between you and the lady that, um, opened the door for you?

Deputy Steven Lombardi: I don't. Um, she was, she wasn't quite as blonde as I remember her.

[REDACTED] Okay.

Deputy Steven Lombardi: Uh, but she was kind of heavy-set and short.

[REDACTED] Okay.

Deputy Steven Lombardi: And other than, other than her telling me that, um, take second floor to the right.

[REDACTED] Okay. Okay, there's some of these, um, specific to Officer involved shooting I think that we have heard a lot of them. Just give me a second to, to look through here. On having watched that video, um, did you, uh, were you, did it bring back any memory of how many rounds were fired?

Deputy Steven Lombardi: I don't remember how many. I mean, outside of that video I, I, I don't remember how many rounds —

[REDACTED] Okay.

Deputy Steven Lombardi: - um, I fired.

[REDACTED] What about the suspect?

Deputy Steven Lombardi: After seeing that video, I can tell you I was right in line with the second shot.

[REDACTED] Yeah.

Deputy Steven Lombardi: And I shouldn't be here. I mean I, if I had stayed where I was I, I would've been shot.

[REDACTED] Oh, I'm sorry. Um, I forgot my train of thought there. But having seen that video and seeing what occurred, can you describe the, the rate of fire of the suspect? Was it, um, like one shot after another or was it, uh, in a slow sequence, or was it rapid fire or even in bursts?

Deputy Steven Lombardi: So watching the video I saw 2 rounds come out, but my memory for, um, was there was a lot of gunfire at one point, a high rate of gunfire and that's when that, that white fog was in the, was in the, in the hallway.

[REDACTED] So it was pretty rapid fire?

Deputy Steven Lombardi: It sounded like it, yeah.

[REDACTED] Okay. Um, do you remember if there was, uh, rapid fire and, and any breaks, or the rapid fire again, or do you remember it in, uh, any particular sequence?

Deputy Steven Lombardi: No, I just know there was, I just, I just remember him, I, I remember firing into the door and then moving and hearing gunfire and seeing, seeing the hole, um, and then, uh, additional gunfire.

[REDACTED] Okay. What, what was your sequence of fire? Um, did you fire everything rapidly at the same time, or did you take several shots, pause, uh, take more shots? Can you just describe, uh, what you remember?

Deputy Steven Lombardi: So, what I remember, um, is I fired into the door where he was last positioned and then from there I moved. Um, then I, uh, I retreated, I retreated back. I don't remember if I re-engaged him or not. Um, I watched the video. Um, I saw that, that back, further back I was, I fired, I know I fired a round because I can see the casing come out. Um, I think that was in defense of him firing, because that whole hallway, that whole hallway became nothing but a light fog. And I know that's typically, um, what some active shooters do when they assault. So, um, well then I, I, I can, I can conclude by seeing myself in the video is that I was defending, expecting him to come around the corner shooting and I was shooting at it to defend myself.

[REDACTED] Okay. So, uh, I don't wanna put any words in your mouth, but what I'm hearing you saying is that when you were firing as you moving back down the hallway, you heard the gunfire and you felt that he might be rounding the corner, coming towards you?

Deputy Steven Lombardi: See usually when you get a barrage like that it's, in some of the active shooter training videos I've seen, I've seen, um – I mean one video that sticks out in my mind I remember the officer on one side of the building and a suspect on the other side with an AK-47, and the way he attacked that officer was he continued firing bursts of 3, boom-boom, boom-boom, boom-boom, boom-boom. You don't stick your head out like that or you're gonna get killed. And there's no, there's no, how do you, how do you defend against that unless you can get him before he comes around the corner.

[REDACTED] Okay. Okay, I'm, I think that, that covers, that covers all the questions that I have so far. Did you? Do you mind if we take one break?

[REDACTED] Of course.

[REDACTED] Um, and we'll just, uh, check in to see if we have everything covered. Just go over our notes a little bit. And meet one last time before just complete it.

[REDACTED] All right, okay. Thank you.

[REDACTED] Thank you.

[REDACTED] Uh, thank you gentlemen. Thank you most of all Steve. I know it's been a long day. Um, just wrappin' it up. Um, when we were talking about training earlier you mentioned, uh, C, uh, HNT? Can you tell us what that, uh, is?

Deputy Steven Lombardi: Um, you can go between HNT and CNT for, uh, crisis negotiation team or hostage negotiation team.

[REDACTED] Okay and what does that team do?

Deputy Steven Lombardi: It basically deals with people that are suicidal or in this, uh, in, in cases where you have a subject that barricades himself, um, and won't come out.

[REDACTED] Okay. To get on that team what do you, do you need to do anything, particular?

Deputy Steven Lombardi: Yeah, you have to go through a minimum, uh, a basic course of, uh, I think it's 40 hours of training, um, on negotiations, um, how to talk to people, techniques, um, what each position of the team, uh, each position of, uh, the member, each position that's on the team. There's, there's several positions. There's a negotiator to the secondary which supports the negotiator to a scribe which translates all the information and puts it on, on cards or a whiteboard. Um, to um, uh, people that go out in the field and interview family members to find out info we call intelligence on, um, on the individual that may be barricaded or suicidal. Um -

[REDACTED] Okay. Um, to a 40-hour class you attend, did you attend?

Deputy Steven Lombardi: I, I did and there's also ongoing training.

[REDACTED] Okay and can you just elaborate what that, that means?

Deputy Steven Lombardi: Um, so um, you're required to get so many hours in a year, um, of training, um, our team, uh, we'll work with the, the police department and do, put scenarios on and talk about different topics. Um, talk about different, um, scenarios. We'll go to a, uh, a weeklong conference with different scenarios, different incidents, actual incidences that, um, deal with, um, a whole gamut of, of, uh, stuff that negotiators would come across. But they're actual incidents and debriefs. Um, like say the, the Florida shooting in the nightclub I, I went through recently, um, at, at a conference in Reno where they debrief that. Um, and they, they had other debriefings on, on negotiations and how to talk to people, uh, what, what works, what doesn't work.

[REDACTED] Okay and so HNT or CNT, um, is that different than dealing with a active shooter situation?

Deputy Steven Lombardi: Yeah.

[REDACTED] Can you explain?

Deputy Steven Lombardi: I, so H, HNT deals with people that are, that are, um, active shooters, someone that's, that, that comes with the intent to kill people and is actively killing people. Um, when you, when you have someone, um, that barricades up, um, and isn't, isn't, isn't presenting any threats to anybody, um, then you go from, um, you go from whatever it was before to a – if when it's static –

██████████ Okay.

Deputy Steven Lombardi: - um, at that point it becomes a negotiation. It becomes contact suspect to see if you can contact him. Start, start and try to talk to him, um, get him to come out and give up peaceably, peace, peacefully. Um, active shooter is not that. Active shooter is someone going out and his intent is to kill people and take as many people, um, and kill as many people as he can.

██████████ And then you said try to contain him. Um, if he's, do you need to know where he's at, or he or she's at?

Deputy Steven Lombardi: Yes.

██████████ Okay and, and in a hostage, in a HNT scenario, is that what you?

Deputy Steven Lombardi: So in an HNT scenario, um, usually the subject's contained to one area. You know, you have an idea of where he's at. Most of the time you have an idea, sometimes you don't, sometimes you have a general area, but you'll try. If you can't get him on the phone, you'll try and hail him on, on a speaker. Um, but if, if he's contained and you know where he's contained, then you can kinda, you can deal with him there.

██████████ In this situation, did you know where this individual was?

Deputy Steven Lombardi: I did not.

██████████ Okay. Why do we have HNT, or CNT? Why do we, as a department have that?

Deputy Steven Lombardi: Because if it goes, uh, so that you can, you can, um, save the-. Even, even though he's committed a crime, you have to try and bring him out peacefully. We're not here, we're not peace officers here to, to kill people, to take lives. Our job is to save people. And, and HNT you try and talk the guy, the man or the woman out of what they're doing and, and try and get 'em to surrender peacefully instead of using violence.

██████████ Okay, thank you.

██████████ Um, just to be clear, if you have a static situation that transitions into an active shooter situation, what's the appropriate action from your training?

Deputy Steven Lombardi: So if it goes from static to active, you have to engage.

[REDACTED] Okay.

[REDACTED] And engage can you, just for the record?

Deputy Steven Lombardi: So that means it, it, like in my case when I, when he racked that rifle and I heard her scream he's going active. He's threatening somebody. It now becomes an active shooter.

[REDACTED] Thank you. Um, is there anything else you gentlemen would like to add?

[REDACTED] Not at this time.

Deputy Steven Lombardi: No.

[REDACTED] Okay. If, if nobody has anything else to add, um, we'll just conclude the, conclude this, um, portion. All right, um, Steve I just wanna tell you that we really appreciate you coming in. I know this was tough. Um, this is a traumatic event. Uh, this is probably gonna be with you for a while. Um, so, hold your head up. Um, we appreciate you coming in. I know that was very difficult, all right.

[REDACTED] A very strong statement.

[REDACTED] Thank you very much.

Deputy Steven Lombardi: Thank you.

[REDACTED] Alright, and we will conclude the interview at 3:07.

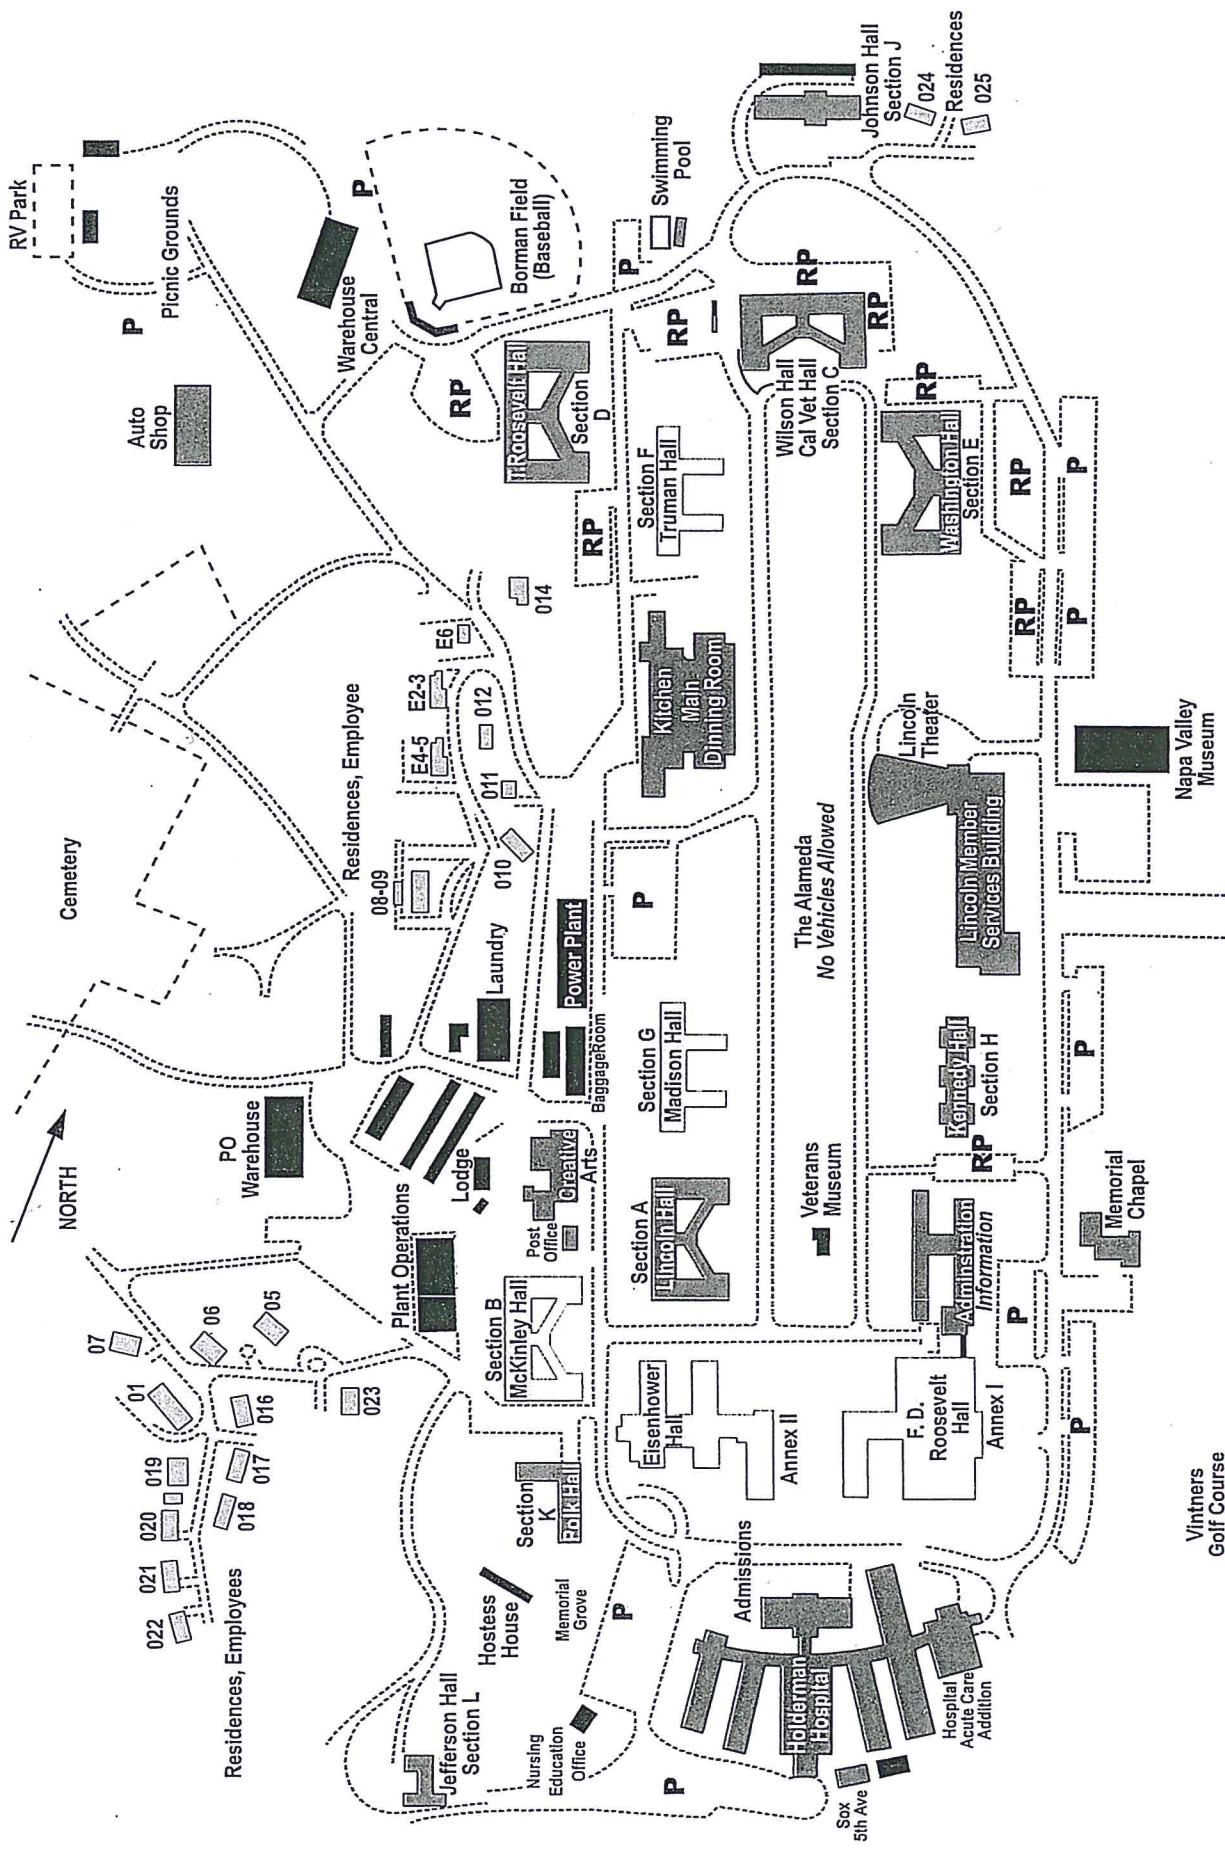

[REDACTED]

Internal Affairs Investigation Report

During the course of this investigation, I received a copy of media files relevant to this investigation; including Dep. Lombardi's BWC footage, Pathway Home surveillance camera media, video/audio copy of Dep. Lombardi's formal interview and the scene. The following is a summary of significant incidents and associated approximate times of occurrence from the BWC and surveillance footage.

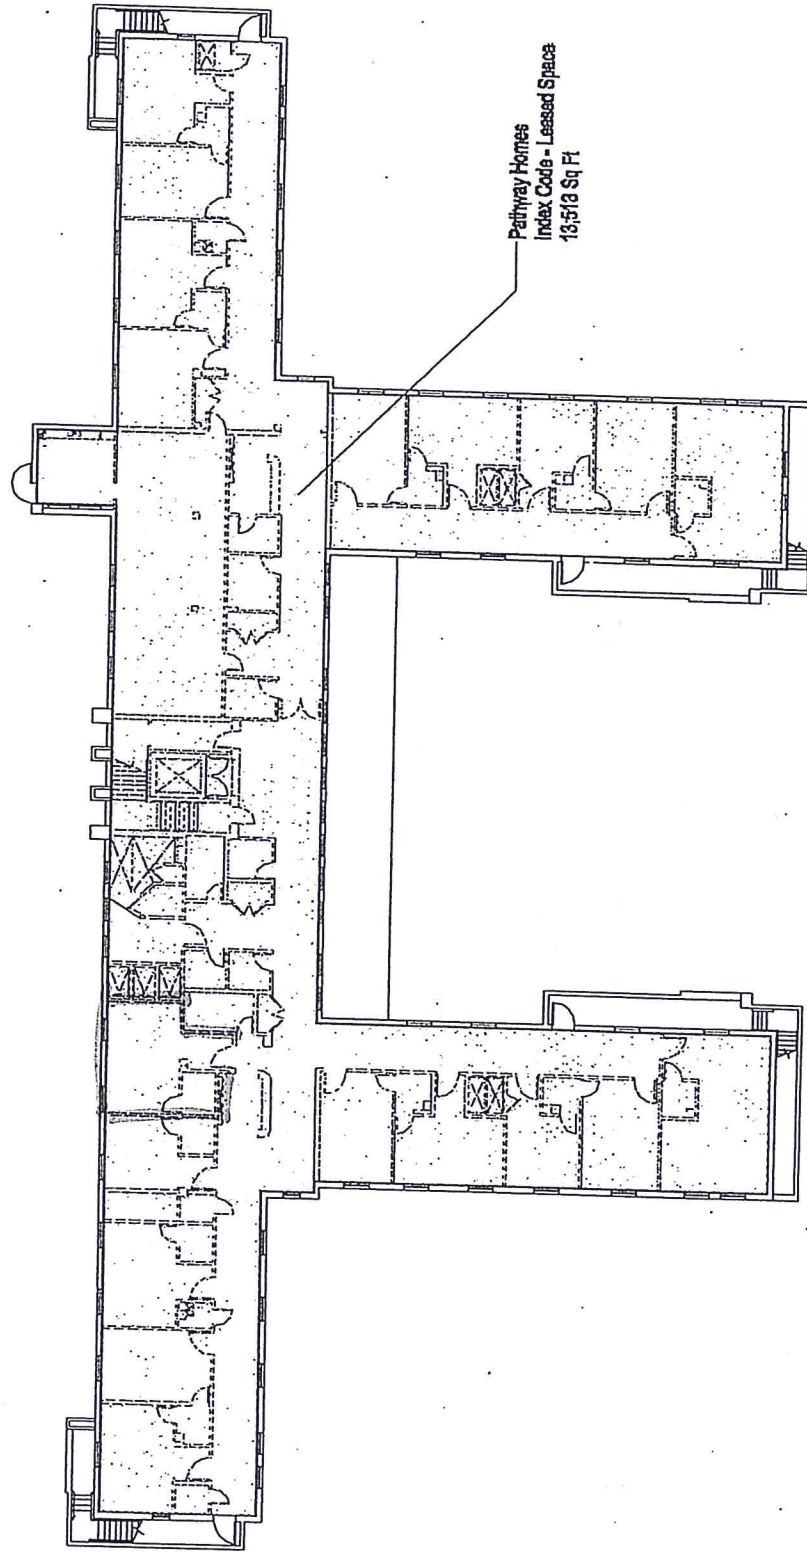

- 1019:06 [REDACTED] enters the first floor from the basement bearing weapons.
- 1019:24 [REDACTED] enters the second floor from the stairwell.
- 1019:39 [REDACTED] enters the breakroom where the victims are located.
- 1020:54 [REDACTED] begins closing the door to the break room.
- 1026:57 Dep. Lombardi appears on the first floor with female witness.
- 1027:52 Dep. Lombardi enters the second floor from the stairwell.
- 1031:35 Dep. Lombardi pushes open the door to breakroom and sees [REDACTED]
- 1038:13 [REDACTED] and six other arrive in the building.

Residential Buildings

FORMER RESD

36 YRS OLD

THREE HOSTAGES

SEMI AUTO LOTS OF AMO

UNK IF ANYONE HAS BEEN SHOT

3 WOMEN HOSTAGE 1 IS PREGNANT

LET A BUNCH OF HOSTAGES GO

^^MY RP

IN THE PARKING LOT

RP

DISCHARGED A TWO WEEKS AGO

RP STATES AR OF SOME KIND

HE HAD STUFF ON A JACKET

RESP WAS IN THE MARINES OR ARMY

BULLETS AROUND - LIKE A RIBBON

LIKE A SASH

UNK IF ANYONE HAS BEEN SHOT

ANOTHER RP CALLING FROM (XFER FROM CHP)

RP IS HIDING IN A CAR

LET RESD GO

RP2/GETTING OUT OF THE BUILDING

MADISON HALL

^^^MADISON HALL^^^

EXECUTIVE DIR

^^^^THIS IS WHERE THE SHOOTER IS

DEV DIR

BUILDING G

A FEW WEEKS AGO HE WAS ASKED TO LEAVE THE RESIDENTIAL CENTER

RESP: ASIAN MALE 506/150 LBS, LSW: BB HAT

HE HAS AND 1 ADMINISTRATOR

JENNIFER GOLICK CLINICAL DIRECTOR

AIR37 ENR

RP CAN SEE THE POLICE

NO ONE HAS BEEN SHOT

TOLD VETERANS TO LEAVE AND SOME PEOPLE WERE HELD IN BUILDING, STAFF
MEMBERS HELD IN BUILDING, MAYBE 6 PEOPLE

HE HASN'T FIRED ANY ROUNDS

HAD 1 RIFLE AND SHOTGUN SHELLS - POSS HAS SHOTGUN ALSO

THERE WERE ABOUT 8 PEOPLE IN THE ROOM, HE DISMISSED ALL BUT THE 3
HOSTAGED

UNK IF ANYONE HURT YET

SUS UNK LAST NAME

RESP:

LATE 30S

HE HAS BEEN DRINKING

PHILIPINO

RP2 SEE OFFICERS ARRIVING

THE EXECUTIVE DIRECTOR - MADE HIM MAN

^^^^^^^^^^^^^^^^MAD

RESP WANTED TO HARM HER

RP IS DRIVING DOWN TO THE GUARD SHACK AT THE ENTRANCE - IN A

SHE IS TALKING TO THE OFFICER
2ND FL
HE DRIVES A BLK VW PASSAT - UNK IF HE HAS A NEW CAR
RP WAS THE LAST ONE TO LEAVE THE ROOM, OTHER THAN STAFF W/RESP - NO
SHOOTING OCCURED AS OF WHEN RP LEFT
WEARING ALL BLK
SHPD HAS ONE UNIT E/R
9E32,C,2ND STORY NO SHOTS FIRED
LEFT THE PATHWAY HOME A FEW WEEKS AGO AND THEN JUST RANDOMLY
SHOWED UP TODAY
IWTH A RIBBON OF BULLETS - HAD A SASH OF BULLETS AROUND HIM
THERE IS NO LOCK ON THE DOOR
CHP AIR ENR
WASN'T AIMING FIREARM AT ANYONE, JUST HAD FIREARMS ON HIM
9E32 ENTERING BLDG W SIDE
HE WAS EMOTIONALLY UPSET WHEN HE ARRIVED
NO THREATS MADE, JUST CAME IN WITH FIRERMS ATTACHED TO HIM AND SAID
"VETERANS LEAVE"
HE HAD THE RIFLE POINTED TO THE CEILING
CAL FIRE - START AMRS3
LET ONLY THE VETERANS GO - HE LET SOME OFFICE PEOPLE GO
THIS RP: [REDACTED] (RESIDENT AT VETS HOME)...CURRENTLY
ACROSS THE STREET/LEFT THE BUILDING

NO 1021 CAME ACROSS
TAC COMMAND [REDACTED] ADV'D
5P10 WILL HANDLE
TAC COMM TO [REDACTED] - 20 MIN TIL RELEASE AND DEALING W/ANOTHER INCIDENT ON CAMPUS JUST FYI
PARENTS IN UKIAH CALLED RP TO LET HER KNOW HER ADOPTED BROTHER IS THE SHOOTER RP [REDACTED]
IN PETALUMA
THE FATHER TOOK AWAY [REDACTED] FIREARMS BECAUSE HE WAS SUICIDAL
HE JUST MOVED INTO A NEW PLACE IN SACRAMENTO
MID FEB
[REDACTED] ADV'D OF LINCOLN THEATER INFO
[REDACTED] 4 INFANTRY TOURS IN AFGANISTAN
[REDACTED]
SWAT TEAM X 6 ENRT TO LINCOLN THEATER
HE IS NORMALLY CALM AND DOWN TO EARTH
FATHER TOOK THE GUNS MONTHS AGO
CORRECTION HE IS BROTHER'S BEST FRIEND IN FOSTER CARE ALL HIS LIFE AT THE RP'S HOME A LOT
HE HAS A DARK GREEN 08 OR 09 VW PASSATT
REG TO HIM
HE IS SINGLE AND NO ROOMMATES
RP IS TRYING TO GET THE SAC ADD AND WCB
RP IS AVAIL FOR 1021 IF NEEDED
[REDACTED] IS CALLING IN, SHE THINKS HER NEPHEW [REDACTED] IS THE SHOOTER
SHE WANTED TO SPEAK W THE SUSPECT SHE CALLED HER BROTHER BUT THEN CLARIFIED THAT HE IS HER BROTHER'S FRIEND WHO WAS ALWAYS AROUND THE HOME AS SHE WAS GROWING UP
SHE KNOWS HE WAS IN THE PATHWAY PROGRAM
AND SHE KNOWS FROM ANOTHER FAMILY MEMBER THAT [REDACTED] HAD A RIFLE
[REDACTED] CELL PHONE [REDACTED]
HE LIVES IN SACRAMENTO
ON PLAYBACK WITH THE CALLER FROM THE LINCOLN THEATRE...THERE IS A GUY LOADING UP A HANDGUN WHITE MALE IN BLACK JEANS HE HELD UP A GUN AND

STARTED WAVING IT AROUND AND POSS SHOT IT
HER OTHER NEPHEW WAS IN CONTACT WITH HIM A COUPLE OF DAYS AGO
THE FATHER TOOK THE GUNS BECAUSE HE WAS SUICIDAL
[REDACTED] RENTED A CAR THE OTHER DAY
*SUSP VEH CONFIRMED: [REDACTED] VEH IS DRK GRN 08 OR 09 VW PAS
BLU OR GRY COLORED CAR
MIGHT BE A TOYT AVALON
THAT HE RENTED
AUNTS [REDACTED]
CALLING ENTERPRISE
PER ENTERPRISE - NO CARS HAVE BEEN RENTED TO [REDACTED]
5D10 STATUS CKD - STILL TRYING TO ACCESS LINCOLN THEATER
5P10 - SEARCHING LINCOLN THEATRE BATHROOMS
HERTZ RENTAL REFUSES TO GIVE ANY INFORMATION OVER THE PHONE
I ASKED THEM IF THEY COULD FAX INFO
THEY ARE CHECKING
PLAYBACK - FOR LINCOLN THEATRE SUSP - WM BLK JEANS BULLET PROOF VEST
WAVING A HAND GUN *
I DID HEAR A GUN SHOT ON THE PLAYBACK
FROM HERTZ RENTAL - THEY CANNOT PROVIDE ANY INFORMATION UNLESS
SOMEONE FROM HERE ACTUALLY WALKS IN AND REQUESTS
* STILL NO BETTER PINGS ON AT&T PHONES *
5D10 CLEARING THEATER NOW
5D10 UPDATED - CLRG THE THEATER NOW

Internal Affairs Investigation Report

Employee Advisement Form

(Complete If Possible Criminal Conduct Involved)

I understand that I am the subject of an investigation which involves, or could possibly involve, criminal misconduct.

I understand that I will be advised of my "Miranda" right, and if I do not waive my Miranda Rights or if I refuse to answer questions on the grounds of self-incrimination, I can be ordered to provide a statement for administrative purposes only.

I understand that if I refuse to answer administrative questions after being ordered to do so, I could be subject to discipline up to and including my *termination from employment*. I also understand that any coerced statement I make under the threat of such discipline cannot be used against me in any subsequent criminal proceeding.

I have read and received a copy of the above advisement.
